Inner Meaning of the Hebrew Letters Robert M. Haralick, 1995-09-01 This book length meditation on the Hebrew alphabet offers profound insights into many important ideas found in Jewish thought. From time immemorial the Hebrew alphabet has been considered to be more than a collection of individual letters. Indeed the essence of each letter of the Hebrew alphabet can be seen as a fundamental building block of the world. Jewish scholars throughout the ages have meditated on these letters deriving spiritual inspiration in the process. In The Inner Meaning of the Hebrew Letters Robert M. Haralick looks closely at each of the Hebrew characters helping us to gain insight from this remarkable tradition. Drawing primarily upon traditional kabbalistic and chasidic thought Haralick combines his own insights with those of great Jewish personalities such as Moshe Chayim Luzzatto and Rabbi Nachman of Bratslav as well as drawing upon classical texts including the Bahir the Zohar the Midrash and the Talmud. One of Haralick's main sources of inspiration is the ancient Jewish art of gematria where each letter has a numerical value as does each combination of letters. Through this traditional methodology Haralick shows his readers the many often dazzling ways that the Hebrew alphabet has been examined.

**The Hebrew Alphabet**, 2005\*    *The Hebrew Letters* Rabbi Yitzchak Ginsburgh, 1990 Sefer Yetzirah the Book of Creation one of the earliest Kabbalistic works teaches that the letters of the Hebrew alphabet are the building blocks of creation. Each letter has its own significance spiritual energy and reason for existing. In this revised version of Rabbi Ginsburgh's best selling The Alef Beit Jewish Thought Revealed Through the Hebrew Letters he explains how each letter's name form and numerical value play a role in the creative process of the cosmos. He draws on the understandings of the well known mystic the Baal Shem Tov in depicting how each letter has nine dimensions with impact in three worlds the physical spiritual and Divine. In every letter there is the true completion of the soul a chance to unite consciousness with the code of creation. Includes glossary.

footnotes and index    *Creation of the Hebrew Alphabet* Douglas B. Vogt,2016-03-01 The original design of the Hebrew alphabet was created by a very highly advanced previous civilization that once lived on the Earth a very long time ago It also means that the late Bronze Age Hebrews could not possibly devise these twenty two letters of the Hebrew alphabet as Moses already told us The 22 letters are formed from 22 views around a waveform superimposed on a toroid shape The waveform is a modified square wave modified by the natural log There is a further conversion done after you obtained all the correct vectors The end result is the letters represent a computer programming language used in a Quantum Computer light based computer That is why the Library of Congress correctly indexed the book under Quantum computing Once you realize what the letters really are the surface story completely disappears The only part of the Torah that has significance is the Garden of Eden story because that is where Moses told us who the people who put this technology into the family cave that Abraham purchased for 400 shekels    **Secrets of the Hebrew Alphabet** Daniela Abravanel,Moshe Yaakov Wisnfsky,2010
