Hidden Agenda

Kevin Allen,2016-10-21 Each of us pitches ideas every day Regardless of what idea we re selling or who we re selling it to it all boils down to the act of stirring someone to join you to agree to follow you Yet we consistently underestimate how critical it is to recognize the role of the decision maker Decisions are after all made by people and people have needs and agendas spoken and unspoken Understanding these needs and agendas are critical to success in business Kevin Allen s approach is not about persuading but about creating a connection that assures a mutual win By unearthing the true motivation or desire of the decision maker Allen shows how to craft a story or message around it creating a predictable and repeatable end result Full of stories and examples this entertaining book teaches you how to effectively find connect and finally to speak to the Hidden Agenda to win business unfailingly every time
