

# THE HAWKE *Ascendancy*

A DEFINITIVE ACCOUNT  
OF ITS ORIGINS AND CLIMAX 1975-1983  
BY PAUL KELLY, AUTHOR OF THE DISMISSAL

# The Hawke Ascendancy

**Paul Kelly**

## The Hawke Ascendancy:

**The Hawke ascendancy** Paul Kelly,1984    **Prendre Le Pouvoir** Donald J. Savoie,Jacques Bourgault,Institut d'administration publique du Canada,Canadian Centre for Management Development,1993    *The Hawke Ascendancy* Paul Kelly,1984    **Alan the Red Fox Reid** Ross Fitzgerald,Stephen Holt,2010 Arguably Australia's most influential political journalist Alan The Red Fox Reid covered Australian politics from the 1930s to the 1980s During his career he was both a chronicler of and a player in Australian politics In this book Ross Fitzgerald and Stephen Holt take us into a Machiavellian behind the scenes world of recurrent plots crises and leadership challenges and show how it was possible for a skilled journalist to help shape both public perceptions and actual outcomes of political power plays    **Pivot of Power** Paul Strangio,Paul 't Hart,James Walter,2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise    **Political Lives** Chris Wallace,2023-02-01 Political Lives is an intimate history of image making and image breaking in national politics What was the story behind Bob Hawke's famed biography Why does Paul Keating think biographies of serving politicians are like Polaroids of a busy life while John Howard considers them a big mistake Where is the missing Menzies biography Why are our early prime ministers largely absent from historical memory Chris Wallace writes Australian political history anew through this account of prime ministers their biographies and their biographers Lively and astute the book takes us into their motivations and relationships some well known and some hidden and in doing so shows us Australian politics in a fresh light For years there has been no shrewder or sharper commentator on Canberra politics than Chris Wallace In this compelling typically acute and unique study she contrives to illuminate all at once and often as if for the first time both the character of Australia's prime ministers and the way Australian political history has been made Don Watson Original compelling and provocative Every page offers fresh insights Political Lives provides a genuinely new way of looking at Australian politics and political biography Wallace has written a series of brilliant mini biographical essays on prime ministers and their biographers exploring their backgrounds relationships motivations and political impact The result is a biography of prime ministerial

biography the like of which we have not seen before Mark McKenna Politicians log cabin stories have become such an important part of politics But it has not always been so Chris Wallace traces the intriguing role biography has played in framing our views of our leaders past and present and examines how it has become such a potent force in the political contest Laura Tingle Chris Wallace scholar journalist has written this superb and fascinating analysis of political biography since Federation Everyone interested in political history will love it It concludes with a vital oath all her colleagues should observe First do no harm unless it's deserved and intentional Kim Beazley **Power Of Speech** James Curran,2014-07-18 The subjects of this book are five fascinating prime ministers Gough Whitlam Malcolm Fraser Bob Hawke Paul Keating and John Howard and how they view Australia Until the 1960s our nation believed itself to be British Then during a decade of momentous change this concept of our national identity collapsed It was buried by the forces of cultural and political renewal by disturbing and exciting developments in Asia and by a dawning recognition that the global era of colonial power was over The result was a crisis of national meaning reflected in public debates about multiculturalism Australia's relationships with its Asian neighbours the dispossession of indigenous Australians and the nation's involvement in war In recent years our political leaders have played a conspicuous role in the controversy In The Power of Speech James Curran explores the end of the idea of British Australia and how successive prime ministers have attempted to assert personal and often competing visions of Australian nationalism in its place This highly original study of prime ministerial rhetoric exposes the sources of our most powerful leaders beliefs about Australia **Australia's Prime Ministers** , Since Australia's first Federal election in 1901 the contest for the Prime Ministership has come to resemble the presidential style elections of the United States Of Australia's 25 Prime Ministers some have towered over their party Parliament and the national political scene in just the same way as some American presidents have This book tells the story of every one of them **What Were They Thinking?** James Walter,Professor of Australian Studies James Walter,2010-10 Ideas are at the heart of our politics They are the means by which people are influenced and mobilised Australian politics have been shaped by distinctive patterns of political thought from the colonial period to the Rudd government But how have these patterns arisen And what have been their effects on shaping what we think is politically possible or desirable This book is not a survey of theory but an invigorating history of people trying to make sense of their world fighting to establish the principles governing the way politics is pursued and justifying their own perspectives What Were They Thinking is a compelling story of winners and losers of individuals interpreting and trying to influence their times and of how ideas and power are linked **The Bulletin** ,2006 **Quadrant** James Phillip McAuley,1984 *Inequality in Australia* Alastair Greig,Frank Lewins,Kevin White,2003-02-17 This text seeks to analyse and explain inequality challenging traditional conceptions and providing a new critical perspective The authors provide a comprehensive historical account of inequality and show how that account no longer adequately explains the new and different forms of inequality experienced in recent decades As society has changed they argue new forms of inequality

have emerged conditioning the subject's very experience of identity embodiment and politics. The book is at once a critical overview of contemporary inequality and a thorough going textbook suitable for undergraduates. *Menzies to Keating* Patrick Moray Weller, 1992. Prime Ministers of Australia, 1994. **Parliamentary Debates, Senate, Weekly Hansard** Australia. Parliament. Senate, 1985. *Rediscovering Labor* Andrew Scott, 1991. **Australian Books** National Library of Australia, 1988. **The Asian Currency Crisis** Australia. Parliament. Joint Standing Committee on Foreign Affairs, Defence, and Trade, 1998. **Australian Commonwealth Administration, 1983**, 1984. *The Great Experiment* Francis Geoffrey Castles, Rolf Gerritsen, Jack Vowles, 1996. In the mid 1980s government in Australia and New Zealand embraced on programmes of economic and social transformation. Here a comparison between the two countries illuminates the causes the process and the consequences of the experiment.
