Hesiod: The Other Poet Hugo Koning, 2010-12-10 Hesiod *The Other Poet* is a study dealing with the role of Hesiod in the imagination and the collective memory of the ancient Greeks Its main hypothesis is that Hesiod's image was to a large degree formed by the picture of Homer Hesiod is decidedly different when presented as allied with opposed to or simply without Homer Following this approach Hesiod is investigated as a moral and philosophical authority a locus informed with values and qualities a concept in literary critical discourse and more generally as a cultural and panhellenic icon constructed and reconstructed by later Greek authors who employed and so re created him in their own texts

How Women Became Poets Emily Hauser, 2025-11-04 How the idea of the author was born in the battleground of gender When Sappho sang her songs the only word that existed to describe a poet was a male one *aoidos* or singer man The most famous woman poet of ancient Greece whose craft was one of words had no words with which to talk about who she was and what she did In *How Women Became Poets* Emily Hauser rewrites the story of Greek literature as one of gender arguing that the ways the Greeks talked about their identity as poets constructed played with and broke down gender expectations that literature was for men alone Bringing together recent studies in ancient authorship gender and performativity Hauser offers a new history of classical literature that redefines the canon as a constant struggle to be heard through and sometimes despite gender Women as Virginia Woolf recognized need rooms of their own in order to write So too have women writers through history needed a name to describe what it is they do Hauser traces the invention of that name in ancient Greece exploring the archaeology of the gendering of the poet She follows ancient Greek poets philosophers and historians as they developed and

debated the vocabulary for authorship on the battleground of gender building up and reinforcing the word for male poet then in response creating a language with which to describe women who write Crucially Hauser reinserts women into the traditionally all male canon of Greek literature arguing for the centrality of their role in shaping ideas around authorship and literary production Ballads from Herodotus John Ernest Bode,1853 **The Emergence of the Lyric Canon** Theodora A. Hadjimichael,2019-05-02 The Hellenistic period was an era of literary canons of privileged texts and collections One of the most stable of these consisted of the nine rarely ten lyric poets whether the selection was based on poetic quality popularity or the availability of texts in the Library of Alexandria the Lyric Canon offers a valuable and revealing window on the reception and survival of lyric in antiquity This volume explores the complexities inherent in the process by which lyric poetry was canonized and discusses questions connected with the textual transmission and preservation of lyric poems from the archaic period through to the Hellenistic era It firstly contextualizes lyric poetry geographically and then focuses on a broad range of sources that played a critical role in the survival of lyric poetry in particular comedy Plato Aristotle s Peripatetic school and the Hellenistic scholars to discuss the reception of the nine canonical lyric poets and their work By exploring the ways in which fifth and fourth century sources interpreted lyric material and the role they played both in the scholarly work of the Alexandrians and in the creation of what we conventionally call the Hellenistic Lyric Canon it elucidates what can be defined as the prevailing pattern in the transmission of lyric poetry as well as the place of Bacchylides as a puzzling exception to this norm The overall discussion conclusively demonstrates that the canonizing process of the lyric poets was already at work from the fifth century BC and that it is reflected both in the evaluation of lyric by fourth century thinkers and in the activities of the Hellenistic scholars in the Library of Alexandria **The Works of Lord Macaulay: Speeches, poems & miscellaneous writings** Thomas Babington Macaulay Baron Macaulay,1898 *The Problem of the Homeric Poems* William Duguid Geddes,1878 **The Problem of the Homeric Poems** Sir William Duguid Geddes,1878 **A History of Classical Greek Literature: pt. 1.
