## **The Ayn Rand Cult:**

Ayn Rand Cult Jeff Walker, 2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand The Ayn Rand Cult is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society

The Sociology of the Ayn Rand Cult Murray Newton Rothbard, 1987      *The Sociology of the Ayn Rand Cult* Murray Rothbard, 1972      **The Ideas of Ayn Rand** Ronald E. Merrill, 1991 Ayn Rand 1905 1982 is known to millions for her blockbuster novels *The Fountainhead* and *Atlas Shrugged* In the 1960s her Objectivist ideas featuring esthetic romanticism laissez faire capitalism atheism and the virtue of selfishness were promoted in an organized movement which split apart after Rand s falling out with her prot g Nathaniel Branden This debacle threw Rand s growing community of followers into disarray but she continues to attract readers and to exert a major if largely subterranean influence on thinking and policy *The Ideas of Ayn Rand* provides for the first time a comprehensive survey of Rand s wide ranging contributions her literary techniques her espousal and then rejection of a Nietzschean outlook her contradictory attitude to feminism her forays into ethics epistemology and metaphysics the development of her political creed her influence on and hostility to both conservatism and libertarianism Dr Merrill s standpoint is friendly yet critical He presents a fresh and original interpretation of Rand s ideas exposing unexpected facets of the Objectivist vision and arguing that Rand s thought is more complex more subtle and more profound than her enemies or even her friends have heretofore suspected Back cover      **Ayn Rand and Business** Donna Greiner, Theodore B. Kinni, 2001 Ayn Rand and Business is both relevant and valuable to today s business readers providing insightful lessons for managers traders and entrepreneurs alike      *Intellectual Morons* Daniel J. Flynn, 2004 The author of *Why the Left Hates America* reveals how members of the liberal media as well as political and academic elites will say virtually anything as long as it serves their ideological dogmas      *Culture Wars*, 2002      Chronicles, 2003      *Turncoats and True Believers* Ted Goetz, 1992-06 No Marketing Blurb      **Enemy of the State** Justin Raimondo, 2000-07 While Rothbard s contributions to the history of social thought are important his life story is interesting in itself against almost impossible odds he managed to singlehandedly create the libertarian movement out of thin air at a time when such ideas were considered completely outside the pale      **The Cult Experience** John James Collins, 1991      A Concise Dictionary of Cults & Religions William Glenn Watson, 1991 A Concise Dictionary of Cults and Religions provides thumbnail sketches of peripheral religious groups cults and personalities connected with such movements or organizations

**The Conservative Movement** Paul Gottfried, 1993 At the beginning of the 1990s conservative commentators have

increasingly focused on the growing fragmentation of the American political and intellectual Right From the early postwar years when a small band of intellectual dissidents emerged in response to the Soviet threat to the 1980s and the Reagan years when the coalition of journalists politicians and lobbyists known as the New Right reached the height of its influence the conservative movement has always been a complex shifting set of ideologies and factions In this revised and updated study Paul Gottfried provides an insider's look at the factions and controversies the personalities and ideologies the rival journals and institutes He presents the argument that the scope of this war on the Right has been misrepresented by journalists who have been sympathetic to the moderates and have consistently downplayed the strength and intelligence of the paleoconservatives A striking feature of the book is a detailed well informed exposition of the conservative foundations and think tanks revealing who funds whom and who controls whom information that has never before appeared in print Gottfried discusses the implications of the 1992 electoral campaign for the future of the Right from paleocon Pat Buchanan's controversial bid for the Republican nomination to the migration of several leading neocons over to Democratic candidate Bill Clinton's camp Certain to spark both attention and controversy this book is required reading for anyone who wants to understand the complex conservative landscape and its prospects for the future

**American Women Writers** Taryn Benbow-Pfalzgraf, 2000

*The Emotionalists* Sky Gilbert, 2000 Adored by a post war American public ripe for the egoism expounded in her writings novelist Ayn Rand and her philosophy of Objectivism held many in their sway But when Ayn asks her husband to set aside his emotions and accept that she has found another lover purely as a result of reason her husband her lover and her lover's wife all adherents to Rand's philosophy must submit to one of its perverse conclusions In *The Emotionalists* award winning playwright Sky Gilbert reveals a towering intellect caught in her own contradictions and a society of friends damaged by their principles Gilbert's command of his characters enmeshed in their Objectivist conundrum is masterful *The Emotionalists* is an intelligent witty and disturbing examination of the limits of reason and the need for honest emotion

**The Dance with Community** Robert Booth Fowler, 1991 Not an essay in normative political philosophy but a discussion of the present day developments in American political thought as they focus on community Fowler political science U of Wisconsin tells the story of the coming of age of community in the thought of American political intellectuals and provides measured analysis and reflection on some of the directions in which thinking about community has proceeded
