The Assassination Of A British Prime Minister:

Why Spencer Perceval Had to Die Andro Linklater,2012-05-10 On 11 May 1812 Spencer Perceval the British Prime Minister was fatally shot at close range in the lobby of the House of Commons In the confused aftermath his assailant John Bellingham made no effort to escape A week later before his motives could be examined he was tried and hanged Here for the first time the historian Andro Linklater looks past the conventional image of Bellingham as a deranged businessman and portrays him as an individual driven by the anxieties of his family life by his yearning for respectability and by the raw emotions that convulsed his home town of Liverpool But as the evidence accumulates a wider darker picture emerges The wildly unpopular Perceval dominated political life as both Prime Minister and Chancellor of the Exchequer He above all was responsible for oppressing Luddite protestors for Britain s naval blockade of Napoleonic France for risking war with the United States And almost single handedly he was crushing Liverpool s illegal slave trade John Bellingham was not alone in hating the prime minister But did he act alone when he shot Spencer Perceval And if not who aided him Two hundred years later Andro Linklater examines Bellingham s personal records his wife s letters and the reports of the Bow Street Runners London s first detective agency uncovering strange payments made to the murderer and an untouched historical trail Catching the threads of conspiracy amid the fevered tone of an age of intense debate over slavery security of the state and personal liberty Linklater brilliantly deconstructs the assassination of Spencer Perceval the only British Prime Minister ever to have suffered that fate to offer a fresh perspective on Britain and the Western world at a critical moment in history

Prime Minister Darwyn Bent,2010-03 Just outside of London in a quiet rural town sits a prison for juvenile offenders Once run under the atmosphere of a summer camp The prison authorities have enacted a drastic changed in the formerly comfortable procedure enacting a programme akin to military basic training But in the camp at the time of the change are four seemingly ordinary youths incarcerated for petty crimes four boys who while possessed with ordinary appearances and demeanours have ambitions and a common destiny horribly beyond the limits of their militarised confinement John Spotty Wilson the self appointed leader of the four entertains an obsession for organizing a criminal organization as big as the Mafia Chris Rasta Jarvis a youth of West Indian descent dreams of building the financial capital to return to his native country to open a recording studio Charles Rodwin Stewart once a college boy wallows in bitterness over his crime of merely loving a girl of the wrong colour And Bill McShamus hides behind a mask of shyness and timidity while a cauldron of psychopathic tendencies threatens to boil over from his soul Faith draws this divergent cast of characters together in prison and fate moves them to enact their daring escape What becomes of them as they prowl the streets of London as fugitives however can only be the work of a cruel devastating and inevitable destiny
