## Something Further Poems:

The Art of Revising Poetry Charles Finn, Kim Stafford, 2023-05-18 Using side by side pairings of first drafts and final versions including full page reproductions from the poets personal notebooks as well as an insightful essay on each poem s journey from start to finish The Art of Revising Poetry tracks the creative process of twenty one of the United States most influential poets as they struggle over a single word line break or thought This behind the scenes look into the creative minds of working poets including African American Latino Asian American and Native poets from across the US is an essential resource for students practicing poetry and for instructors looking to enliven the classroom with real world examples Students learn first hand from the deft revisions working poets make while poetry teachers can show in detail how experienced poets self edit tinker cut rearrange and craft a poem The Art of Revising Poetry is a must have for aspiring poets and poetry teachers at all levels     *The Romance of the Forest: Interspersed with Some Pieces of Poetry. By the Authoress of "The Mysteries of Udolpho" [Ann Radcliffe] ... Embellished with Engravings on Wood* ROMANCE., 1824     Poems of Oliver Wendell Holmes Oliver Wendell Holmes, 1880     **The Philosophy of Poetry** John Gibson, 2015-05-14 In recent years philosophers have produced important books on nearly all the major arts the novel and painting music and theatre dance and architecture conceptual art and even gardening Poetry is the sole exception This is an astonishing omission one this collection of original essays will correct If contemporary philosophy still regards metaphors such as Juliet is the sun as a serious problem one has an acute sense of how prepared it is to make philosophical and aesthetic sense of poems such as W B Yeats s *The Second Coming* Sylvia Plath s *Daddy* or Paul Celan s *Todesfuge* The Philosophy of Poetry brings together philosophers of art language and mind to expose and address the array of problems poetry raises for philosophy In doing so it lays the foundation for a proper philosophy of poetry setting out the various puzzles and paradoxes that future work in the field will have to address Given its breadth of approach the volume is relevant not only to aesthetics but to all areas of philosophy concerned with meaning truth and the communicative and expressive powers of language more generally Poetry is the last unexplored frontier in contemporary analytic aesthetics and this volume offers a powerful demonstration of how central poetry should be to philosophy     *English Poems* John Milton, 1894     The Emprise of Poetry Michael Eskin, 2024-11-14 The Emprise of Poetry analyzes the insidious entwinement of anti Americanism and antisemitism in modern and contemporary German culture through the writings of one of its most acclaimed literary figures Dresden native Durs Grünbein 1962 Michael Eskin offers an unprecedented view of the American cum Jewish discontents at the heart of modern and present day German culture through the exemplary lens of the work of Durs Grünbein the most widely translated and globally honored living German poet and the only one to have been hailed as the Berlin Republic s most qualified contemporary candidate for the office of German national poet Yet as Eskin outlines Grünbein s work contains a paradoxical and tension filled twofold self construction as an idiosyncratically American poet and Ezra Pound s vociferously philosemitic heir who

merely happens to be writing in German as it were conjoined with an avidly anti American German poet who writes emphatically and not always savorily as a German and a self proclaimed heir to the legacies of Celan and Kafka most notably on matters American and Jewish Against the foil of these tensions Eskin traces and documents postwar German high culture s persisting inability to purge itself of ideological toxins that leach into the mainstream from centuries old prejudices and antagonisms revolving around Germany s love hate bond with America as well as its ostensibly enduring suspicion and antipathy toward Jews Eskin s deep dive into the American Gr nbein s apparent philosemitism coupled with the German Gr nbein s antisemitically inflected anti Americanism reveals the fault lines underlying the complex and contradictory legacies and contexts of postwar German culture
