Something New To Sing About:

Every Morning: Something New Sarah D. Johnson, 2012-07-31 Every Morning Something New is the result of a search for the mercies of the Lord The Holy Bible says to prove Him and so I decided that I would do just that I found out that it is true Seek and ye shall find The mercies of the Lord indeed are new every morning Great great great is His faithfulness to us

Integrating insights from economics management and intellectual property law the author explores the dynamics of entrepreneurship and innovation in the music industry and offers such provocative assessments as these The Beatles might never have broken up if they had the kind of two tier contracts as band members and as solo artists that are common in the music industry today Buddy Holly would likely have avoided his tragic death in a plane crash at age 22 if his 1959 tour had been sponsored by a company like Coca Cola because today s corporatized tours are vastly better financed and organized than the haphazard efforts of the 1950s The economic value of albums by the likes of Elvis and Michael Jackson has risen significantly since their deaths the ironic byproduct of the way their behavior tarnished their own brands while they were alive Diana Ross might never have quit The Supremes if she had known that one third of the artists in the 1960s who quit the group had charting careers of only one year Thomas Edison s invention of the phonograph led to the modern record industry but he is really the godfather of computer programs like Garageband which have created home recording studios The collapse of the Soviet Union threatened the sound of rock and roll but an American entrepreneur saved the day
