Zapruder is the ideal narrator to debunk mistaken ideas about the art and claim that the ways we teach poetry are what prevent us from enjoying it San Francisco Chronicle In Why Poetry award winning poet Matthew Zapruder takes on what it is that poetry and poetry alone can do Zapruder argues that the way we have been taught to read poetry is the very thing that prevents us from enjoying it In lively lilting prose he shows us how that misunderstanding interferes with our direct experience of poetry and creates the sense of confusion or inadequacy that many of us feel when faced with it Zapruder explores what poems are and how we can read them so that we can as Whitman wrote possess the origin of all poems without the aid of any teacher or expert Most important he asks how reading poetry can help us to lead our lives with greater meaning and purpose Anchored in poetic analysis and steered through Zapruder's personal experience of coming to the form Why Poetry is engaging and conversational even as it makes a passionate argument for the necessity of poetry in an age when information is constantly being mistaken for knowledge While he provides a simple reading method for approaching poems and illuminates concepts like associative movement metaphor and negative capability Zapruder explicitly confronts the obstacles that readers face when they encounter poetry to show us that poetry can be read and enjoyed by anyone A consistently surprising work that shows novices how they can navigate poetry while providing a wonderful re education for anyone who was taught to dissect a poem as if it were a dead frog The Washington Post *The California Pioneer, and Other Poems* Lizzie F.
