The Great Afghan:

Afghanistan Stephen Tanner, 2009-04-28 For over 2 500 years the forbidding territory of Afghanistan has served as a vital crossroads for armies and has witnessed history shaping clashes between civilizations Greek Arab Mongol and Tartar and in more recent times British Russian and American When U S troops entered Afghanistan in the weeks following September 11 2001 they overthrew the Afghan Taliban regime and sent the terrorists it harbored on the run But America s initial easy victory is in sharp contrast to the difficulties it faces today in confronting the Taliban resurgence Originally published in 2002 Stephen Tanner s *Afghanistan* has now been completely updated to include the crucial turn of events since America first entered the country **“A” History of England from the Conclusion of the Great War in 1815** Spencer Walpole, 1890

Afghanistan and the Great Game Suhash Chakravarty, Susash Chakravarty, 2002 Dealing With The Crucial Period From 1869 To 1880 The Work Begins By Examining The British Attempts To Come To A Negotiated Settlement With The Russian Government Regarding The States And Frontiers Of Afghanistan And Ends With An Analysis Of The Shifts In Policy And Power That Led To Lord Lytton S Futile Military Adventure A Rich Range Of Original Material Drawn From Public Archives As Well As From Family Papers Has Been Sifted In Order To Achieve What Must Be A Comprehensive Study Made So Far On The Subject Good Words , 1901 **History of the War in Afghanistan** Sir John William Kaye, 1878 The Afghan's Knife Robert Armitage Sterndale, 1883 **Afghanistan** Ali Ahmad Jalali, 2021-12-15 Afghanistan A Military History from the Ancient Empires to the Great Game covers the military history of a region encompassing Afghanistan Central and South Asia and West Asia over some 2 500 years This is the first comprehensive study in any language published on the millennia long competition for domination and influence in one of the key regions of the Eurasian continent Jalali s work covers some of the most important events and figures in world military history including the armies commanded by Cyrus the Great Alexander the Great the Muslim conquerors Chinggis Khan Tamerlane and Babur Afghanistan was the site of their campaigns and the numerous military conquests that facilitated exchange of military culture and technology that influenced military developments far beyond the region An enduring theme throughout Afghanistan is the strong influence of the geography and the often extreme nature of the local terrain Invaders mostly failed because the locals outmaneuvered them in an unforgiving environment Important segments include Alexander the Great remembered to this day as a great victor though not a grand builder the rise of Islam in the early seventh century in the Arabian Peninsula and the monumental and enduring shift in the social and political map of the world brought by its conquering armies the medieval Islamic era when the constant rise and fall of ruling dynasties and the prevalence of an unstable security environment reinforced localism in political social and military life the centuries long impact of the destruction caused by Chinggis Khan s thirteenth century early eighteenth century when the Afghans achieved a remarkable military victory with extremely limited means leading to the downfall of the Persian Safavid dynasty and the Battle of Panipat 1761 where Afghan Emperor Ahmad Shah Abdali

decisively routed the Hindu confederacy under Maratha leadership widely considered as one of the decisive battles of the world It was in this period when the Afghans founded their modern state and a vast empire under Ahmad Shah Durrani which shaped the environment for the arrival of the European powers and the Great Game
