

# The Great Hanging At Gainesville

**Rupert Norval Richardson,Adrian N.  
Anderson,Ernest Wallace**

## **The Great Hanging At Gainesville:**

*The Great Hanging at Gainesville, Cooke County, Texas, October, A.D. 1862* Thomas Barrett, 1961     [The Great Hanging at Gainesville, 1862](#), 2012 In what may have been the single largest outbreak of vigilante violence in American history forty suspected Unionists were hanged at Gainesville Texas in October 1862 The Great Hanging at Gainesville 1862 combines two accounts of the events surrounding the executions along with an introduction by noted Civil War historian Richard B McCaslin and an afterword by L D Clark a descendent of one of the men hanged     *Tainted Breeze* Richard B.

McCaslin, 1994 Winner of the Coral Horton Tullis Memorial Prize In the early morning hours of October 1 1862 state militia arrested more than two hundred alleged Unionists from five northern Texas counties and brought them to Gainesville In the ensuing days at least forty four prisoners were hanged and several others were lynched in neighboring communities In the first systematic treatment of this grisly climax to a heritage of violence and vigilantism in North Texas Richard B McCaslin provides a unique opportunity to study the tensions produced in southern society by the Civil War the nature of disaffection in the Confederacy and the American vigilante tradition

## **George Washington Diamond's Account of the Great Hanging at Gainesville, 1862**

George Washington Diamond, 1963     **The Churches of Christ** Richard T.

Hughes, 2001-05-30 This volume tells the story of the Churches of Christ one of three major denominations that emerged in the United States from a religious movement led by Alexander Campbell and Barton W Stone in the early 19th century Beginning as an effort to provide a basis on which all Christians in America could unite the leaders of the movement relied on the faith and practice of the primitive church Ironically this unity movement eventually divided precisely along the lines of its original agenda as the Churches of Christ rallied around the restorationist banner while the Disciples of Christ gathered around the ecumenical cause Yet having begun as a countercultural sect the Churches of Christ emerged in the 20th century as a culture affirming denomination This brief history together with biographical sketches of major leaders provides a complete overview of the denomination in America The book begins with a concise yet detailed history of the denomination's beginnings in the early 19th century Tracing the influence of such leaders as Stone and Campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century The biographical dictionary of leaders in the Churches of Christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a quick reference guide A detailed bibliographic essay concludes the book and points readers to further readings about the Churches of Christ

## [Texas Divided](#) James Marten, 2021-10-21

The Civil War hardly scratched the Confederate state of Texas Thousands of Texans died on battlefields hundreds of miles to the east of course but the war did not destroy Texas's farms or plantations or her few miles of railroads Although unchallenged from without Confederate Texans faced challenges from within from fellow Texans who opposed their cause Dissension sprang from a multitude of seeds It emerged from prewar political and ethnic differences it surfaced after

wartime hardships and potential danger wore down the resistance of less than enthusiastic rebels it flourished as some reaped huge profits from the bizarre war economy of Texas Texas Divided is neither the history of the Civil War in Texas nor of secession or Reconstruction Rather it is the history of men dealing with the sometimes fragmented southern society in which they lived some fighting to change it others to preserve it and an examination of the lines that divided Texas and Texans during the sectional conflict of the nineteenth century

### **The Texas Frontier and the Butterfield Overland Mail,**

**1858-1861** Glen Sample Ely,2016-03-04 This is the story of the antebellum frontier in Texas from the Red River to El Paso a raw and primitive country punctuated by chaos lawlessness and violence During this time the federal government and the State of Texas often worked at cross purposes their confused and contradictory policies leaving settlers on their own to deal with vigilantes lynchings raiding American Indians and Anglo American outlaws Before the Civil War the Texas frontier was a sectional transition zone where southern ideology clashed with western perspectives and where diverse cultures with differing worldviews collided This is also the tale of the Butterfield Overland Mail which carried passengers and mail west from St Louis to San Francisco through Texas While it operated the transcontinental mail line intersected and influenced much of the region s frontier history Through meticulous research including visits to all the sites he describes Glen Sample Ely uncovers the fascinating story of the Butterfield Overland Mail in Texas Until the U S Army and Butterfield built West Texas s infrastructure the region s primitive transportation network hampered its development As Ely shows the Overland Mail Company and the army jump started growth serving together as both the economic engine and the advance agent for European American settlement Used by soldiers emigrants freighters and stagecoaches the Overland Mail Road was the nineteenth century equivalent of the modern interstate highway system stimulating passenger traffic commercial freighting and business Although most of the action takes place within the Lone Star State this is in many respects an American tale The same concerns that challenged frontier residents confronted citizens across the country Written in an engaging style that transports readers to the rowdy frontier and the bustle of the overland road The Texas Frontier and the Butterfield Overland Mail offers a rare view of Texas s antebellum past

### **Eternity at the End of a Rope** Clifford R. Caldwell,Ron

DeLord,2016-03-03 Since 1819 over 3 000 souls found their personal eternity at the end of a rope in Texas Some earned their way Others were the victim of mistaken identity or an act of vigilante justice Deserved or not when the hangman s knot is pulled up tight and the black cap snugged down over your head it is too late to plead your case This remarkable story begins in 1819 with the first legal hanging in Texas By 1835 accounts of lynching dotted the records Although by 1923 legal execution by hanging was discontinued in favor of the electric chair vigilante justice remained a favorite pastime for some The accounts of violence are numbing The cultural and racial implications are profound and offer a far more accurate unbiased insight into the tally of African American and Hispanic victims of mob violence in the Lone Star State than has ever been presented Many of these deeds were nothing short of morbid theater worthy of another era This book is backed up by

years of research and thousands of primary source documents Includes Index and Bibliography     **The Dark Corner of the Confederacy** ,1972     **Account of the Great Hanging at Gainesville, 1862** George Washington Diamond,1963     **Tainted Breeze** Richard B. McCaslin,1988     *A Bright Tragic Thing* L. D. Clark,1992 This Civil War novel recreates the lynching of more than 40 Union men by Confederate extremists an incident known to history as the Great hanging at Gainesville TX The narrator recounts the time of his early manhood when he strove to save his father s life from mob justice and the hangman s noose     **The Great Hanging at Gainesville, Cooke County, Texas** Thomas Barrett,1885     **Journal of Confederate History** ,1990     **The Southwestern Historical Quarterly** ,1967     **AB Bookman's Yearbook** ,1980     **Texas, the Lone Star State** Rupert Norval Richardson,Adrian N. Anderson,Ernest Wallace,1997 Texas at the beginning of the twenty first century is a very different place than it was when the first edition of this text appeared over a half century ago Nevertheless Texas The Lone Star State remains at its core the work of Professor RupertNorvell Richardson one of the most respected Texas historians of the twentieth century Through the preceding seven editions this work has evolved as new material and new historical interpretations have made their way into the text and as new authors have joined the venture Adrian Anderson and Ernest Wallace joined the text for the third edition and Cary D Wintz joins for the eighth Adding to a strong narrative discussion of nineteenth century Texas are new materials and information that emphasize the role of women and minorities in Texas history the impact of industrialization and urbanization the social and demographic changes that have occurred in twentieth century Texas and the transformation of Texas politics at the end of the twentieth century     **At the Heart of Texas** Richard B. McCaslin,2007 Traces the history of the Texas State Historical Association from its establishment in 1897 discussing the Association s directors programs and publications and including black and white photographs and sidebars Includes DVD     *Texas* Rupert Norval Richardson,2001 For one two semester freshman junior level courses in Texas History Written in narrative style this comprehensive general survey of Texas history from early times to the present offers a balanced scholarly presentation of all eras and topics     **Southwestern Historical Quarterly** ,2001
