The Grizzly:

The Grizzly Enos A. Mills, 2014-04-16 It would make exciting reading if a forty year old grizzly bear were to write his autobiography Beginning with the stories from his mother of the long and exciting journey of his ancestors from far off Asia and of her own struggle in bringing up her family and then telling of his own adventurous life and his meetings with men and with other animals he could give us a book of highly dramatic quality Just what a wise old grizzly would say while philosophizing concerning the white race would certainly be of human interest and rich in material for literature
