The Hoax:

Carl Schmitt and The Buribunks Edwin Bikundo, Kieran Tranter, 2022-04-06 In 1918 a young Carl Schmitt published a short satirical fiction entitled *The Buribunks*. He imagined a future society of beings who consistently wrote and disseminated their personal diaries. Schmitt would go on to become the infamous philosopher of the exception and for a while the Crown Jurist of the Third Reich. *The Buribunks* ironically for beings that lived only for self memorialisation has been mostly lost to history. However the digital realm with its emphasis on the informatic traces generated by human doing and the continual interest in Schmitt's work to explain and criticise contemporary constellations of power suggests that *The Buribunks* is a text whose epoch has come. This volume includes the first full translation into English of *The Buribunks* and a selection of critical essays on the text its meanings in the digital present its playing with and criticism of the literary form and its place within Schmitt's life and work. *The Buribunks* and the essays provide a complex critical and provocative invitation to reimagine the relations between the human and their imprint and legacy within archives and repositories. There is a fundamental exploration of what it means to be a being intensely aware of writing itself. This is not just a volume for critical lawyers literary scholars and the Schmitt literati. It is a volume that challenges a broad range of disciplines from philosophy to critical data studies to reflect on the digital present and its assembled and curated beings. It is a volume that provides a set of fantastically located concepts images and histories that traverse ideas and practices play and politics power and possibility.

Conspiracy U Scott A. Shay, 2021-10-05 In *Conspiracy U* Shay presents a case study of his alma mater Northwestern University in order to challenge the proliferation of anti Zionist conspiracy theories championed on college campuses by both the far right and far left. Shay tackles the thorny question of how otherwise brilliant minds willingly come to embrace and espouse such patent falsehoods. He explains why Zionism the movement for Jewish national self determination has become the focal point for both far right and far left conspiracy theories. His keen analysis reveals why Jews serve as the canary in the coal mine. *Conspiracy U* delivers an urgent wake up call for everyone who cares about the future of civil society and is concerned that universities today are failing at teaching students how to strive for truth but rather guiding students to blindly trust theories driven by ideology. The book provides a roadmap for reform based on universal moral and intellectual standards and offers a way out of the culture wars that are ripping America apart.

Bunk Kevin Young, 2017-11-14 Longlisted for the National Book Award for Nonfiction. There Kevin Young goes again giving us books we greatly need cleverly disguised as books we merely want. Unexpectedly essential. Marlon James Award winning poet and critic Kevin Young tours us through a rogue's gallery of hoaxers plagiarists forgers and fakers from the humbug of P. T. Barnum and Edgar Allan Poe to the unrepentant bunk of J. T. LeRoy and Donald Trump. *Bunk* traces the history of the hoax as a peculiarly American phenomenon examining what motivates hucksters and makes the rest of us so gullible. Disturbingly Young finds that fakery is woven from stereotype and suspicion race being the most insidious American hoax of all. He chronicles how Barnum came to

fame by displaying figures like Joice Heth a black woman whom he pretended was the 161 year old nursemaid to George Washington and What Is It an African American man Barnum professed was a newly discovered missing link in evolution Bunk then turns to the hoaxing of history and the ways that forgers plagiarists and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time from pretend Native Americans Grey Owl and Nasdijj to the deadly imposture of Clark Rockefeller from the made up memoirs of James Frey to the identity theft of Rachel Dolezal In this brilliant and timely work Young asks what it means to live in a post factual world of truthiness where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality fact and art
