Someplace Else:

Someplace Else Jan Steer,2017-08-31 A disillusioned Laurie Price has washed up in Papaya in the American desert It s 1938 and another war is imminent A mysterious car dumps the delicious Angie Reeves in the road She is all alone Laurie needs to help her but Angie is tougher than he realised stronger than the vicious thugs who seize her back and the fascist gang whose sole wish is to deal in death Together they take them on but how could they know what secrets the desert held The road towards the story s conclusion is a winding one Nobody is who he or she appears to be and the tale is peppered with deceipts and false trails Laurie tells his story in a tough no nonsense way that keeps the reader guessing until all is revealed in an explosive conclusion

After Death Sukie Miller,1998 The first cross cultural investigation of how humanity

copes with the reality of death this new understanding of the afterdeath in much the same way the work of Elisabeth Kubler Ross does for the dying process Using extensive and innovative research anecdotes and stories Sukie Miller has woven together the results of groundbreaking studies of attitudes world wide toward the afterdeath Identifying four distinct stages of the afterdeath Waiting Judgment Possibilities and Return she clarifies and analyses the results of her work in India Brazil Indonesia West Africa and the United States

From Someplace Else Ralph Osborne,2003-05-09 The decade between 1961

and 1971 was a time of tumult of innocence lost gained and lost again During those years Ralph Osborne moved from the confusions of being 17 to briefly believing that at 27 he knew everything It is he says my version of the Divine Comedy more comedic than divine From Someplace Else is an often hilarious occasionally tragic account of the exploration of boundaries inner and outer through a time of free love and psychedelic adventure And because the paths between Heaven and Hell good and bad and up and down are not linear this book is necessarily an account of one man s first trip around the circle Osborne s Holy Grail is identity His quest in which he sets out to learn a small piece of the puzzle one little thing I could know for certain takes him from a working class tenement on the east coast through the privileged confines of Westmount west to the cleansing air of the prairies and east again to the stoned out beginnings of Toronto the hip where he becomes general manager of the infamous Rochdale College From Someplace Else is a journey driven by the ever relevant question to be or to become It s also the slightly surreal description of the thin line between simplicity and squalor

"They All Came from Someplace Else" Melanie Rebecca Shell-Weiss,2002

Foreign Friends David P. Fields,2019-04-19 The division of Korea

in August 1945 was one of the most consequential foreign policy decisions of the twentieth century Despite the enormous impact this split has had on international relations from the Cold War to the present comparatively little has been done to explain the decision In Foreign Friends Syngman Rhee American Exceptionalism and the Division of Korea author David P Fields argues that the division resulted not from a snap decision made by US military officers at the end of World War II but from a forty year lobbying campaign spearheaded by Korean nationalist Syngman Rhee Educated in an American missionary school in Seoul Rhee understood the importance of exceptionalism in American society Alleging that the US turned its back

on the most rapidly Christianizing nation in the world when it acquiesced to Japan's annexation of Korea in 1905 Rhee constructed a coalition of American supporters to pressure policymakers to right these historical wrongs by supporting Korea's independence. Following the attack on Pearl Harbor Rhee and his Korean supporters reasoned that the American abandonment of Korea had given the Japanese a foothold in Asia tarnishing the US claim to leadership in the opinion of millions of Asians. By transforming Korea into a moralist tale of the failures of American foreign policy in Asia Rhee and his camp turned the country into a test case of American exceptionalism in the postwar era. Division was not the outcome they sought but their lobbying was a crucial yet overlooked piece that contributed to this final resolution. Through its systematic use of the personal papers and diary of Syngman Rhee as well as its serious examination of American exceptionalism Foreign Friends synthesizes religious, intellectual and diplomatic history to offer a new interpretation of US-Korean relations.

Social Work with Multicultural Youth Diane Deanda, 2013-01-11 Explore the cultural, familial and community resilience and protective factors that are available to different youth populations in the US. The face of American youth is changing. In 2000 ethnic minority youth constituted one third of the adolescent population; by mid century the combined ethnic minority youth population will exceed the white adolescent population. This vital book illustrates the diversity within the adolescent population, examines the factors that serve as barriers and as facilitators to development, and identifies strengths and protective factors contributing to resilience as well as needs and risk factors. Social Work with Multicultural Youth presents accurate conceptual frameworks for understanding the experiences of ethnic youth to help you create culturally relevant interventions to promote their well-being. Here is a sample of what you'll find in this important and informative book: a comprehensive epidemiological profile of adolescent populations with current data on issues that contribute to adolescents' health and well-being; cultural strengths models and resilience models that meet the developmental needs of Latino and African American youth; an overview of the academic disparities between Latina adolescents and their cohorts in other ethnic groups; an important chapter that employs conflict theory to place the disadvantaged status and position of African American youth in its proper context; specific recommendations for modifying the process of preparing Latino and African American youth in foster care for emancipation; information on factors that differentially impact academic achievement between African American youth and their European American cohorts; real world data about the who and where of adolescent fighting identified by race, ethnicity, gender and age; new information about substance use in Asian Pacific Islander populations in America with important implications for substance abuse interventions; resilience and protective factors that emerge from a qualitative study of seventh grade Latina adolescents; a look at the differences in sexual behavior and attitudes between Latina adolescents born in the United States and those born outside the US; an evaluation of a unique five hour intensive intervention aimed at changing the knowledge and attitudes of Latino youth in regard to pregnancy and STDs.
