Something Shared Childrens:

Children, 1958 **Share and Take Turns** Cheri J. Meiners, 2003 Help children practice sharing understand how and why to share and realize the benefits of sharing **God's Generals For Kids** Roberts Liardon, Olly Goldenberg, 2019-03-01 Newly released and enhanced Volume Four Maria Woodworth Etter now includes an updated study section with cross curricular themes suitable for home schooling groups This very popular book takes a look at the story of Maria Woodworth Etter She had a very tough childhood and as she grew older life wasn't always easy It was only when she **The Hundred Languages of Children** Carolyn Edwards, Lella Gandini, George Forman, 2011-12-13 Why does the city of Reggio Emilia in northern Italy feature one of the best public systems of early education in the world This book documents the comprehensive and innovative approach that utilizes the hundred languages of children to support their well being and foster their intellectual development Educators in Reggio Emilia Italy use a distinctive innovative approach that supports children's well being and fosters their intellectual development through a systematic focus on symbolic representation From birth through age six young children are encouraged to explore their environment and express their understanding through many modes of expression or languages including verbal communication movement drawing painting sculpture shadow play collage and music This organic strategy has been shown to be highly effective as the children in Reggio Emilia display surprising examples of symbolic skill and creativity This book describes how the world renowned preschool services and accompanying practical strategies for children under six in Reggio Emilia have evolved in response to the community's demographic and political transformations and to generational changes in both the educators and the parents of the children The authors provide the reader with a comprehensive introduction to the Reggio Emilia experience and address three of the most important central themes of the work in Reggio in detail teaching and learning through relationships the hundred languages of children and how this concept has evolved and integrating documentation into the process of observing reflecting and communicating **Philosophical Children in Literary Situations** Peter Costello, 2020-10-28 Philosophical Children in Literary Situations Toward a Phenomenology of Education argues that both phenomenology and children's literature can assist one another in understanding the lived experience of children Through careful readings of central figures in the phenomenological tradition including Husserl Heidegger and Merleau Ponty Costello introduces both the novice and the scholar to the phenomenological method of describing community emotion religion gender and loss experiences that are central to all humans but especially to the developing child When turning to literary analysis Costello uses the phenomenological theory discussed to open up the literary texts of familiar and award winning children's chapter books toward new layers of interpretation reading such novels as *To Kill a Mockingbird* *A Wrinkle in Time* and *Charlotte's Web* to participate in ongoing conversations about childhood perception within children's literature studies and philosophy for children Scholars of philosophy education literary studies and psychology will find this book particularly useful

Reasonable Children Michael S. Pritchard, 1996 The public outcry for a return to moral education in our schools has raised more dust than it has dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness Pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community In such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education

What's the Buzz? For Early Learners Mark Le Messurier, Madhavi Nawana Parker, 2015-01-09 For many social thinking is hard wired at birth and strengthens quite naturally through progressive experiences and encounters with others However for a variety of reasons some children find it harder to think socially develop socially and use their social tools suitably when it really counts What's the Buzz is the original social skills programme and became an instant best seller used by practitioners around the globe with children and young people helping them to successfully transfer these skills into their everyday lives What's the Buzz For Early Learners is a simple structured programme to teach students in early learning and early primary school settings within the 4 to 7 year age range is designed to bring children together including those who may be on the autistic spectrum explicitly demonstrates methods of how children can get along with one another and nurture friendship groups Uses a developmental model to ensure its relevance throughout By drawing on the modelling of targeted social skills role play explicit guidance feedback and games this resource is imaginative very practical and is enhanced with visual materials and worksheets to accompany each lesson <http://www.whatsthebuzz.net.au> Also available from Routledge Mark Le Messurier and Madhavi Nawana Parker 2011 What's the Buzz A Social Skills Enrichment Programme for Primary Students
