Sometimes Im Bombaloo:

The Companioning the Grieving Child Curriculum Book Patricia Morrissey, 2013-06-01 Based on Alan Wolfelt's six needs of mourning and written to pair with *Companioning the Grieving Child* this thorough guide provides hundreds of hands-on activities tailored for grieving children in three age groups: preschool, elementary, and teens. Through the use of readings, games, discussion questions, and arts and crafts, caregivers can help grieving young people acknowledge the reality of the death, embrace the pain of the loss, remember the person who died, develop a new self-identity, search for meaning, and accept support. Sample activities include grief sock puppets, expression bead bracelets, the nurturing game, and writing an autobiographical poem. Activities are presented in an easy-to-follow format and each has a goal, an objective, a sequential description of the activity, and a list of needed materials.

Layers of Learning JoEllen McCarthy, 2023-10-10 What could happen if we viewed every read-aloud as an invitation to learn more about literacy and ourselves? In *Layers of Learning: Using Read-Alouds to Connect Literacy and Caring Conversations*, author JoEllen McCarthy explores read-aloud strategies designed to enhance your reading and writing standards by capitalizing on the way literature can impact caring communities. *Layers of Learning* is structured around four key elements: Community, Agency, Respect, and Empowerment, or CARE. The book provides tools necessary to emphasize reading and writing connections, character education, and culturally responsive teaching, all while championing the power of read-alouds. Inside, you'll find over 200 picture book suggestions, introducing the Heartprint Framework, which demonstrates how you can layer literacy with life lessons, 60 read-aloud-based connections that support caring classroom conversations, lesson planning, and extensions, instructional opportunities for nurturing readers and writers during workshop time, small group gatherings, or individual conferring sessions, Literacy Snapshot photo essays with ideas on how to adopt or adapt, continuing connections with additional resources, and invitations for further learning. *Layers of Learning* pulls together the ideas that the books we share not only serve an academic purpose but also convey big affective messages. This can lead to richer and more meaningful classroom conversations.

Mindfulness for Life Willem Kuyken, 2024-08-29 Mindfulness is exceptionally easy to get started with, and people often experience benefits almost immediately. Why then do many initial enthusiasts end up dropping the practice after a short while? According to Oxford professor and leading mindfulness expert Willem Kuyken, it's because traditional mindfulness training is too far removed from how we actually live. This next-generation resource brings mindfulness home by teaching core skills in easy-to-integrate ways that touch directly on life's daily challenges. Dr. Kuyken provides stepping stones to help you build a personal practice that is sustainable, purposeful, and richly rewarding now and for years to come. Interweaving ancient wisdom and modern scientific psychology, the book includes stories, quotations, reflection questions, tips for overcoming hurdles, and compelling guided practices, including audio tracks at the companion
