Super Fly:

From SWEETBACK to SUPER FLY Gerald R. Butters, 2016-01-31 Racial politics and capitalism found a way to blend together in 1970s Chicago in the form of movie theaters targeted specifically toward African Americans In *From Sweetback to Super Fly* Gerald Butters examines the movie theaters in Chicago's Loop that became as he describes them black spaces during the early 1970s with theater managers making an effort to gear their showings toward the African American community by using black themed and blaxploitation films Butters covers the wide range of issues that influenced the theaters from changing racial patterns to the increasingly decrepit state of Chicago's inner city and the pressure on businesses and politicians alike to breathe life into the dying area Through his extensive research Butters provides an in depth look at this phenomenon delving into an area that has not previously been explored His close examination of how black themed films were marketed and how theaters showing these films tried to draw in crowds sheds light on race issues both from an industrial standpoint on the side of the theaters and movie producers as well as from a cultural standpoint on the side of the moviegoers and the city of Chicago as a whole Butters provides a wealth of information on a very interesting yet underexamined part of history making *From Sweetback to Super Fly* a supremely enjoyable and informative book **Jet**

Jet, 1972-09-28 The weekly source of African American political and entertainment news **Black Hollywood** Kimberly Fain, 2015-06-30 This thought provoking work examines the dehumanizing depictions of black males in the movies since 1910 analyzing images that were once imposed on black men and are now appropriated and manipulated by them Moving through cinematic history decade by decade since 1910 this important volume explores the appropriation exploitation and agency of black performers in Hollywood by looking at the black actors directors and producers who have shaped the image of African American males in film To determine how these archetypes differentiate African American males in the public's subconscious the book asks probing questions for example whether these images are a reflection of society's fears or realistic depictions of a pluralistic America Even as the work acknowledges the controversial history of black representation in film it also

celebrates the success stories of blacks in the industry It shows how blacks in Hollywood manipulate degrading stereotypes gain control advance their careers and earn money while making social statements or bringing about changes in culture It discusses how social activist performers such as Paul Robeson Sidney Poitier Harry Belafonte and Spike Lee reflect political and social movements in their movies and it reviews the interactions between black actors and their white counterparts to analyze how black males express their heritage individual identity and social issues through film A Piece of the Action Eithne Quinn,2019-12-31 Hollywood is often thought of and certainly by Hollywood itself as a progressive haven However in the decade after the passage of the Civil Rights Act the film industry grew deeply conservative when it came to conflicts over racial justice Amid black self assertion and white backlash many of the most heated struggles in film were fought over employment In A Piece of the Action Eithne Quinn reveals how Hollywood catalyzed wider racial politics through representation on screen as well as in battles over jobs and resources behind the scenes Based on extensive archival research and detailed discussions of films like *In the Heat of the Night* *Sweet Sweetback's Baadasssss Song* *Super Fly* *Claudine* and *Blue Collar* this volume considers how issues of race and labor played out on the screen during the tumultuous early years of affirmative action Quinn charts how black actors leveraged their performance capital to force meaningful changes to employment and film content She examines the emergence of Sidney Poitier and other African Americans as A list stars the careers of black filmmakers such as Melvin Van Peebles and Ossie Davis and attempts by the federal government and black advocacy groups to integrate cinema Quinn also highlights the limits of Hollywood's liberalism showing how predominantly white filmmakers executives and unions hid the persistence of racism behind feel good stories and public relations avowals of tolerance A rigorous analysis of the deeply rooted patterns of racial exclusion in American cinema A Piece of the Action sheds light on why conservative and corporate responses to antiracist and labor activism remain pervasive in today's Hollywood **Superfly** Mars Acoursou,Mares P.
