

"The grey hilted was raised the spear high above his head.  
"The Spear of Longinus" he proclaimed, "the spear that killed the Nazarene.  
He who holds the Spear holds the destiny of the world in his hands."

For nearly 2,000 years a host of individuals and religious orders have undertaken the search for the Grail, the cup used by Jesus at the Last Supper. Hitler ordered his Nazi Grail Bureau to search for it - in vain. He captured the Spear of Longinus - the Centurion who pierced the side of Jesus with it at the Crucifixion - he wanted the Grail!

This challenging and exciting story brings the powerful symbolism of the Grail to bear on contemporary society and culminates in a brilliant magical ceremony which has quite unforeseen results!

Sixty North Devon in the 1980's, four teenagers and the descendant of the Fisher King are caught up in a conspiracy which will test them to their limits and which will have consequences for the future of the planet.

*Wagner's Parsifal* William Kinderman,2018-03-01 William Kinderman s detailed study of Parsifal described by the composer as his last card explores the evolution of the text and music of this inexhaustible yet highly controversial music drama across Wagner s entire career This book offers a reassessment of the ideological and political history of Parsifal shedding new light on the connection of Wagner s legacy to the rise of National Socialism in Germany The compositional genesis is traced through many unfamiliar manuscript sources revealing unsuspected models and veiled connections to Wagner s earlier works Fresh analytic perspectives are revealed casting the dramatic meaning of Parsifal in a

new light Much debated aspects of the work such as Kundry's death at the conclusion are discussed in the context of its stage history Path breaking as well is Kinderman's analysis of the religious and ideological context of Parsifal During the half century after the composer's death the Wagner family and the so called Bayreuth circle sought to exploit Wagner's work for political purposes thereby promoting racial nationalism and anti-Semitism Hitherto unnoticed connections between Hitler and Wagner's legacy at Bayreuth are explored here while differences between the composer's politics as an 1849 revolutionary and the later response of his family to National Socialism are weighed in a nuanced account Kinderman combines new historical research sensitive aesthetic criticism and probing philosophical reflection in this most intensive examination of Wagner's culminating music drama

Much of the legendary material concerning King Arthur and Joseph of Arimathea's association with Glastonbury is derived from the interpolations into William of Malmesbury's investigation into the Antiquity of Glastonbury De Antiquitate Glastonie Ecclesia However it is William of Malmesbury's mention of the Island of Ineswitrin donated to Glastonbury in 601AD by a king of Devon and this same island's association to the Isle of Ictis discovered by Pytheas from which tin was sold to the Phoenicians which links the island to Burgh Island in Devon Melkin's prophecy indicates that Joseph of Arimathea is buried on Avalon It is the geometric decryption of Melkin's prophecy which shows us that Joseph of Arimathea known as a tin merchant in Cornish legend is still buried on Burgh Island along with the enigmatic duo fassula

Lot,2015-06-12 La matiere de Bretagne is a name given collectively to the body of medieval literature and legendary material associated with Great Britain especially King Arthur and his knights and their association to the Grail It is the link between the Grail stories and the legends of both King Arthur and Joseph of Arimathea and their connection to Glastonbury the Island of Avalon which is central to this investigation The legend of King Arthur at Glastonbury is primarily derived from Geoffrey of Monmouth's mention of King Arthur's arrival at the Island of Avalon after his fatal fight with Mordred It is the later bogus disinterment of King Arthur's manufactured grave at Glastonbury which establishes Glastonbury's synonymy with Avalon This volume sets out to show how the abbot of Glastonbury Henry Blois used Geoffrey of Monmouth as a nom de plume and concocted the epic tale from Brutus to Arthur which is now known as the History of the Kings of Britain and was responsible for composing the Prophecies of Merlin
