## **The Great Ones Away To Them:**

**O Great One!** David Novak, 2025-01-07 Rather than explain the power of recognition in a typical business book acclaimed CEO David Novak wrote a fun story that draws on his real world experiences at Pepsi and Yum Brands as well as his personal life When was the last time you told your colleagues how much you value them It sounds like a trivial thing in the middle of a busy work day But as Novak discovered during his years as a hard charging executive there s nothing trivial about recognition It can make a life or death difference to any organization when people see that someone important really notices and appreciates their contributions The story of O Great One opens when Jeff Johnson becomes the third generation CEO of his family business after the sudden death of his father The Happy Face Toy Company had many hits in the 1950s and 60s including Crazy Paste but its results have been declining for more than a decade The board has given Jeff just one year to turn the business around or else they ll have to sell it to the highest bidder As Jeff races to save his family s legacy by getting the company back on track he meets downtrodden factory workers and an uninspired executive team Then a birthday gift from his grandson gives Jeff an important insight into why Happy Face lost its culture of innovation and excitement along with its profitability He comes up with an idea that seems crazy But is it crazy enough to work Whether you re trying to lead a small department a Fortune 500 company a non profit or your own family the story and lessons of O Great One can help you make everyone around you happier and more effective

Wuest, 1994-10-12 Unlike other versions of the New Testament this translation uses as many English words as are necessary to bring out the richness force and clarity of the Greek Text Intended as a companion to or commentary on the standard translations Wuest s expanded translation follows the Greek word order and especially reflects emphases and contrasts indicated by the original text

**Daniel Johnston** Henry Glassie, 2020-03-03 DANIEL JOHNSTON raised on a farm in Randolph County returned from Thailand with a new way to make monumental pots Back home in North Carolina he built a log shop and a whale of a kiln for wood firing Then he set out to create beautiful pots grand in scale graceful in form and burned bright in a blend of ash and salt With mastery achieved and apprentices to teach Daniel Johnston turned his brain to massive installations First he made a hundred large jars and lined them along the rough road that runs past his shop and kiln Next he arranged curving clusters of big pots inside pine frames slatted like corn cribs to separate them from the slick interiors of four fine galleries in succession Then in concluding the second phase of his professional career Daniel Johnston built an open air installation on the grounds around the North Carolina Museum of Art where 178 handmade wood fired columns march across a slope in a straight line 350 feet in length that dips and lifts with the heave while the tops of the pots maintain a level horizon In 2000 when he was still Mark Hewitt s apprentice Daniel Johnston met Henry Glassie who has done fieldwork on ceramic traditions in the United States Brazil Italy Turkey Bangladesh China and Japan Over the years during a steady stream of intimate interviews Glassie gathered the understanding that enabled him to compose this portrait of Daniel Johnston a young artist who makes great
