*Help! I Need a Career* Steven Herman Eichmeier, 1998    *Intimate Relationships and How to Improve Them* Luciano L'Abate, Piero DeGiacomo, 2003-04-30 This volume integrates one contextual developmental and relational theory of personality socialization in the family and other settings with a complementary model of relational styles. Both the theory and the model share complementary characteristics of replicable operations in laboratory evaluation and in preventative and psychotherapeutic interventions in problems with intimate relationships. Further, both the theory and the model are linked to two major models of personality and intimate relationships: the circumplex and attachment, respectively. The theory's 15 models are derived from a variety of social psychological sources, including the social comparison model and resource exchange theory in social psychology. The complementary model Elementary Pragmatic owes its origins to communication and systems theories, going beyond them in specificity and applications. Scholars and researchers looking for novel and original ideas demonstrating how to link theory with practice and evaluation with interventions will find this volume of interest.    **Becoming Aware** Velma Walker, Lynn Brokaw, 2004    *Catalog of Copyright Entries, Third Series* Library of Congress.
