Sources And Resources Of Feminist Theologies:

Feminist Theologies for a Postmodern Church Loraine MacKenzie Shepherd, 2002 Liberal modern approaches to theology have tended to silence voices from the margins This book offers an alternative feminist theological approach that more adequately addresses issues of diversity and marginalization It critically examines and combines aspects of four different feminist approaches Elisabeth Schüssler Fiorenza's critical modern Mary McClintock Fulkerson's poststructural Kwok Pui-lan's postcolonial and Kathryn Tanner's postliberal This alternative feminist theological approach is then used to examine how a liberal mainstream Protestant denomination has dealt with issues of sexual orientation and gender Particular attention is given to biblical interpretation as shaped by community the role of traditional doctrine assumptions of authority and revelation and communities of accountability
