V. Rao,Ponugoti Venkateshwar Rao,2008 India s relations with ASEAN has surpassed the original contours of the Look East policy ASEAN has been used by India as a springboard to reach out into the wider Asia Pacific region India s early diplomatic initiatives and the various steps through

which she graduated to the Summit level with ASEAN are thoroughly analysed in this book Association with the ASEAN has enabled India to gain access to several regional and multilateral forums such as the ARF East Asia Summit and ASEM The interaction with ASEAN has fuelled greater dynamism to India's regional multilateralism in contrast to that by SAARC Summit status with ASEAN ASEAN Plus One has enlarged India's involvement in many sectors not just economic and political of the member countries The India ASEAN Partnership Agreement 2004 laid out a broad canvass of inter sectoral engagement between the parties The book discusses the potentialities and limitations of the cooperative areas chartered by the Partnership This book is an exercise by regional specialists in assessing the different dimensions of India ASEAN relations As Asia Pacific has become the foci of great power involvement one cannot ignore the relevance of such involvement to the India ASEAN relations Included is India's relations with the individual countries ASEAN's affiliated bodies as well as the impact on India of great power relations e.g. China Just as India's rapid engagement with ASEAN is a matter of concern to the regional powers New Delhi too would have equal reason to take cognizance of the role and relevance of other powers in ASEAN The book attempts to deviate from an economic centric treatment of the India ASEAN engagement While trade and investment no doubt had been a core objective of the Look East drive into Southeast Asia the strategic dimension was not a secondary objective Geo politics like geo economics as much was the driving force behind India's Eastern drive The bilateral and regional geo political aspects of the burgeoning Indian involvement in the Asia Pacific are debated at length India and ASEAN is a serious attempt to view the Indian engagement with ASEAN from the perspective of academia diplomats policy makers regional and country specialists The critical essays carried by this book offer valuable inputs to scholars interested in looking at India's Look East policy from either side of the Straits of Malacca **Seminar** ,2005
