The Of Tara:

The Cult of Tara Stephan Beyer, 2023-11-15 The real history of man is the history of religion The truth of the famous dictum of Max Muller the father of the History of Religions is nowhere so obvious as in Tibet Western students have observed that religion and magic pervade not only the forms of Tibetan art politics and society but also every detail of ordinary human existence And what is the all pervading religion of Tibet The Buddhism of that country has been described to us of course but that does not mean the question has been answered The unique importance of Stephan Beyer s work is that it presents the vital material ignored or slighted by others the living ritual of Tibetan Buddhists The reader is made a witness to cultic proceedings through which the author guides him carefully He does not force one to accept easy explanations nor does he direct one s attention only to aspects that can be counted on to please He leads one step by step without omitting anything through entire rituals and interprets whenever necessary without being unduly obtrusive Oftentimes as in the case of the many hymns to the goddess Tara the superb translations speak directly to the reader and it is indeed as if the reader himself were present at the ritual The real history of man is the history of religion The truth of the famous dictum of Max Muller the father of the History of Religions is nowhere so obvious as in Tibet Western students have observed that religion and magic pervade not only the form

Tara's Exposé Tom O Connor, 2023-12-08 This work stretches from deep prehistoric times up to the 12th century AD and beyond After a short preamble from the Megalithic to the Bronze Age scanning Tara s Golden Age it deals with Celtic Europe s decline due to Roman and Germanic conquest It follows Celtic tribes fleeing to Britain and Ireland where they set up settlements Ptolemy of Alexandria s 2nd century record debunks early Irish pseudo history and ratifies the archaic Ulidian Tales This work exposes the monumental hoax projecting Tara of Meath as the capital of Ireland and the seat of the High Kingship The work draws on a compelling compilation of acclaimed authors and specialist studies that list the aforesaid as a medieval forgery Prehistoric Tara had a much older status an archaic Golden Age This work tracks extensive research and archaeological analysis into British oppida from which Celtic Belgic tribes migrated and set up similar oppida in Ireland A concentration on the early history of these neglected areas was at the core of the early Irish historical records
