

The Optional God

L Darling-Hammond

The Optional God:

The Optional God Stephen Fielding Bayne, 1980 **The Option for the Poor in Christian Theology** Daniel G. Groody, 2007-04-01 Since the publication of Gustavo Gutierrez's 1973 groundbreaking work *A Theology of Liberation* much has been written on liberation theology and its central premise of the preferential option for the poor. Arguably this has been one of the most important yet controversial theological themes of the twentieth century. As globalization creates greater gaps between the rich and the poor and as the situation for many of the world's poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society. This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor. The central focus of the book revolves around the question: How can one live a Christian life in a world of destitution? The contributors are concerned not only with a social, economic or political understanding of poverty but above all with the option for the poor as a theological concept. While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope. Following Gustavo Gutierrez's essay on the multidimensionality of poverty, Elsa Tamez, Hugh Page Jr, Brian Daley and Jon Sobrino identify a central theological premise: poverty is contrary to the will of God. Drawing on scripture, the writings of the early fathers, the witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the greatest challenge to Christian faith and discipleship. David Tracy and J. Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought. Virgilio Elizondo, Patrick Kalilombe, Mar a Pilar Aquino, M. Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture, Africa, race and gender. Casiano Floristan and Luis Maldonado explore the relationship between poverty, sacramentality and popular religiosity. The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions, particularly an Asian theology of religions and the meaning of care for the poor within Judaism. The Optional God Stephen Fielding BAYNE (Bishop of Olympia.), 1953

Von Balthasar & the Option for the Poor Todd Walatka, 2017 Hans Urs von Balthasar's vast corpus of theological, philosophical, literary and pastoral writings remains one of the most impressive achievements in 20th century thought. In light of liberation theology and now the papacy of Francis, however, a theological affirmation of the option for the poor remains dangerously weak in Balthasar's corpus. Von Balthasar and the Option for the Poor offers a sympathetic reforming of Balthasar's account of the drama of salvation, what he calls theodramatics, in response to this weakness. *The New Englander*, 1859 The Optional God [by] Stephen F. Bayne, Stephen Fielding Bayne, **The Evangelical Repository**, 1881 Principles of Church Government William Henry Perrine, 1887 God's Own Country Thomas Bracken, 1893
