Deissler,2010-12 Scientific Essay from the year 2010 in the subject Cultural Studies Miscellaneous course Kulturanthropologie language English abstract In this heading a twofold monumental assumption is hidden Supreme intelligence can be equated to true cultural enlightenment But in order to be truly enlightened in cultural matters a shadowless light is required And as culture is part of the psychological architecture of man the entire mental infrastructure needs to be illumined for if one component of the whole casts a shadow the entire mental architecture and with it the cultural contents will be affected and darkened and thus impair the desired uncorrupted cultural intelligence which can only blossom in a pristine pure mind This rather perfect state is that of mastership of culture for it will only radiate the pristine purity of the mind in the outer world and soothe cultural tensions wounds and conflicts The Lord of the Manor.
