**Symbols, the News Magazines and Martin Luther King** Richard Lentz,1999-03-01 More than two decades after his death Martin Luther King Jr remains America s preeminent symbol of the civil rights movement In the early years of the movement King advocated a policy of nonviolent resistance to the racism ingrained in American society In later years however King adopted a more militant stance toward racial and other forms of injustice In this innovative book Richard Lentz considers King as a cultural symbol from the Montgomery bus boycott of 1955 1956 to the Poor People s Campaign which King helped organize shortly before his assassination in 1968 In particular Lentz examines the ways the three major news weeklies Newsweek Time and U S News World Report presented King to their readers It is primarily through media institutions that Americans shape and interpret their values Newsweek Time and U S News though representing different shadings of political ideology ranging from left of center to conservative were all aimed at the same audience middle class Americans Therefore their influence on the nation s values during a period of enormous social upheaval was significant In the mid 1960s when King shifted from reform to radicalism the news magazines were thrust into what Lentz calls a crisis of Symbols because King no longer fit the symbolic mold the magazines had created for him Lentz investigates how the magazines responded to this crisis discussing the ways in which their analyses of King shifted over time and the means they employed to create a new symbolic image that made sense of King s radicalization for readers This is an important perceptive study of Martin Luther King Jr s career and an astute critical analysis of the reporting practices of the news media in the modern era

**American Television News: The Media Marketplace and the Public Interest** Steve M. Barkin,2016-09-16 This concise history of the news broadcasting industry will appeal to both students and general readers Stretching from the radio days of the 1920s and 1930s and the early era of television after World War II through to the present the book shows how commercial interests regulatory matters and financial considerations have long shaped the broadcasting business The network dominance of the 1950s ushered in the new prominence of the anchorman a distinctly American development and gave birth to the golden age of TV broadcasting which featured hard hitting news and documentaries epitomized by the reports by CBS s Edward R Murrow Financial pressures and advertising concerns in the 1960s led the networks to veer away from their commitment to serve the public interest and tabloid television celebrity gossip driven soft news and news magazines became increasingly widespread In the 1980s cable news further transformed broadcasting igniting intense competition for viewers in the media marketplace Focusing on both national and local news this stimulating volume examines the evolution of broadcast journalism It also considers how new electronic technologies will affect news delivery in the 21st century and whether television news can still both serve the public interest and maintain an audience

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
