## **The Message Of Truth:**

**The Message of Truth** R. John Anderson, 2021-06-15 Many do not realize that the Bible is actually God's Love Story written for mankind and that it is filled with the glorious promise of hope along with a spectacularly triumphant ending But it is up to each of us to choose that hope and our eternal destiny for we are all born with an immortal spirit which lives on forever the only question is where We each have a free will choice to make which determines whether we will spend eternity with God in heaven or with Satan and the angels who sinned in hell The Message of Truth presents the good news of the Bible the gospel message from start to finish Genesis to Revelation It also helps you understand how we got here in this fallen world today full of disease death war murder and other sinful behaviors that cause misery to the human race humanity has fallen into sin by disobeying God The Bible tells us that God is love and that He is holy and righteous But we also read that He is a God of justice and that He will bring all sin to judgment on the great Day of Judgment to come When the Lord Jesus will be revealed from heaven with His mighty angels in flaming fire i e He comes the second time Jesus came to Earth the first time as a humble and sacrificial servant to save you from sin when He returns it will be in power and glory for judgment and to restore creation to a state of perfection without sin suffering and death It is only through belief in Christ that you can be saved to eternal life if you so choose Behold now is THE ACCEPTABLE TIME behold now is THE DAY OF SALVATION 2 Corinthians 6 2 Yes now today is the day of salvation Let those who have an ear to hear hear the true Word of God and be saved to eternal life      **Ordained to Preach** Charles E. Vernon Jensen, 2013-11-05 A rapid and widespread growth of interest in applied ethics is occurring today not only in the United States but around the world as well Academia both reflects this and is a leader in the movement The field of speech communication shares in this increased sensitivity to ethical concerns Students and the general public are looking for thoughtful analyses and guidance in all areas of communication Ethical concerns relative to mass communication

have been the subject of a number of books but only a very few cover the entire scope of communication to include interpersonal intercultural organizational small groups and public speaking This book tries to fill that need by discussing ethical concerns as they emerge in the areas of the communication process the communicator the message the media the audience and the situation The speech communication field now has a need to digest and synthesize the existing research findings and the general literature in the field and in related humanities and social science works into a coherent and nontechnical discussion This volume explores the most up to date materials to provide just such a synthesis An extensive bibliography at the end of the book gives readers the sources on which the book is based and offers ample avenues for further personal exploration The book should provide meaningful food for thought as readers grapple conscientiously with the many everyday decisions made in communication transactions and in evaluating the communication of others
