Hitler's Mind Edleff H. Schwaab, 1992-03-30 This book is the most up to date comprehensive analysis of Hitler written by a psychologist Going beyond the reliance on a Freudian interpretation of Hitler's personality Schwaab employs his knowledge of abnormal psychology to penetrate the paranoid world of Hitler and to demonstrate the depth of his mental disturbance The analysis is framed by a poignant personal reflection on Schwaab's experiences and those of his father who was first a follower of Hitler and later one of those who attempted to assassinate him growing up in Nazi Germany and an afterword in which the meaning of Nazism is placed in the context of contemporary developments in a reunited Germany

Hitler's Jewish Soldiers Bryan Mark Rigg, 2002 On the murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he'd anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier's parent spouse or other relative from incarceration or far worse Hitler's own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht's growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge

and their relatives Rigg's study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler's rule **The Mind and Face of Nazi Germany** Nagendranath Gangulee, 1982 **The Fascist State of Mind and the Manufacturing of Masculinity** Christina Wieland, 2014-08-13 The Fascist State of Mind and the Manufacturing of Masculinity A psychoanalytic approach attempts to describe in psychoanalytic terms the psychological consequences of massive social trauma and national humiliation and the regression that takes place within the individual under these circumstances The book is not about understanding fascism as a historical political or sociological phenomenon but about understanding the special relationship between masculinity and fascism and the state of mind which both shaped and was shaped by the historical phenomenon of fascism Christina Wieland explores fascism as a product of certain forms of masculinity and focuses on the dynamics of masculinity as a mode of psychic functioning She examines in detail masculine anxieties and defences and their interaction with stresses of modernity and with the social and political unrest that followed World War One The Fascist State of Mind and the Manufacturing of Masculinity is divided into four parts Part One The meaning of fascism and the fascist state of mind theories and definitions Part Two Masculinity its meaning and its vulnerability Part Three Group and group theory and the total environment Part Four Exploring the links between masculinity groups and fascism The Fascist State of Mind and the Manufacturing of Masculinity uses clinical material literary texts and extensive psychoanalytic interpretation of some passages from Mein Kampf to illustrate the interplay of the psychological processes with social and political events This book will appeal to psychoanalysts and psychoanalytic psychotherapists teachers and students of psychoanalysis and gender studies It will also appeal to those interested in the application of psychoanalytic insights in the understanding of social and political phenomena **Adolf Hitler: Faces of a Dictator** Jochen von Lang, 1969
