**Kingship and the Gods** Henri Frankfort,1978-07-15 This classic study clearly establishes a fundamental difference in viewpoint between the peoples of ancient Egypt and Mesopotamia By examining the forms of kingship which evolved in the two countries Frankfort discovered that beneath resemblances fostered by similar cultural growth and geographical location lay differences based partly upon the natural conditions under which each society developed The river flood which annually renewed life in the Nile Valley gave Egyptians a cheerful confidence in the permanence of established things and faith in life after death Their Mesopotamian contemporaries however viewed anxiously the harsh hostile workings of nature Frank's superb work first published in 1948 and now supplemented with a preface by Samuel Noah Kramer demonstrates how the Egyptian and Mesopotamian attitudes toward nature related to their concept of kingship In both countries the people regarded the king as their mediator with the gods but in Mesopotamia the king was only the foremost citizen while in Egypt the ruler was a divine descendant of the gods and the earthly representative of the God Horus     *Voices of the Goddess*

In this study Michael Hundley explores the diverse deities of ancient Near Eastern and biblical literature from deified doors and diseases to the masters of the universe Using data from Mesopotamia Hittite Anatolia Egypt the Levant and non priestly Genesis and Exodus Hundley explains their context specific approach to deity which produces complex and seemingly contradictory portraits He suggests that ancient deities gained prominence primarily by co opting the attributes of other deities rather than by denying their existence or inventing new powers He demonstrates that the primary difference between biblical and ancient Near Eastern presentations lies in their rhetorical goals not their conceptions of gods While others promote divine supremacy Genesis and Exodus promote exclusive worship Hundley argues that this monolatry redefined the biblical divine sphere and paved the way for the later development of monotheism and monotheistic explanations of evil
