Lowering the Bar Marc Galanter,2006-10-10 What do you call

600 lawyers at the bottom of the sea Marc Galanter calls it an opportunity to investigate the meanings of a rich and time honored genre of American humor lawyer jokes Lowering the Bar analyzes hundreds of jokes from Mark Twain classics to contemporary anecdotes about Dan Quayle Johnnie Cochran and Kenneth Starr Drawing on representations of law and lawyers in the mass media political discourse and public opinion surveys Galanter finds that the increasing reliance on law has coexisted uneasily with anxiety about the legalization of society Informative and always entertaining his book explores the tensions between Americans deep seated belief in the law and their ambivalence about lawyers Secretly Inside Hans Warren,2006 In the Dutch countryside the war seems far away For most people at least But not for Ed a Jew in Nazi occupied Holland trying to find some safe sanctuary Compelled to go into hiding in the rural province of Zeeland he is taken in by a seemingly benevolent family of farmers But as Ed comes to realize the Van t Westeindes are not what they seem Camiel the son of the house is still in mourning for his best friend a German soldier who committed suicide the year before And Camiel s fiery unstable sister Mariete begins to nurse a growing unrequited passion for their young guest just as Ed realizes his own attraction to Camiel As time goes by Ed is drawn into the domestic intrigues around him and the farmhouse that had begun as his refuge slowly becomes his prison

Culture's Software Dorota Brzozowska,Władysław Chłopicki,2015-09-10 When

Geert Hofstede famously defined culture as collective programming of the mind the definition broadly referred to culture as such including all the layers in his onion model The title of this volume Culture s Software represents a development of this original idea and was inspired by none other than Professor Hofstede himself He used this phrase over thirty years later when lecturing to an international group of scholars gathered in Poland to debate the idea of cultural communication styles which has in recent years been fruitfully discussed from a fresh perspective by scholars working within cognitive and cultural linguistics The debate has given rise to this book which will inspire further research into this fascinating subject

Taking

Penguins to the Movies Emil Draitser,1998 Draitser uses humor as a means of understanding the attitudes and customs beliefs and idiosyncrasies and inter and intra group relationships of this multinational society In analyzing the jokes he seeks to determine what makes them funny why certain groups are targeted and even why a mediocre joke can be received with great enthusiasm

Russian Strategic Narratives on the Chinese Internet Rui Wang,2025-12-31 This book challenges the notion that strategic narratives which carry soft power significance are seamlessly projected to audiences It offers the first book length critical analysis of the non linear dissemination of strategic narratives in the digital age focusing on social media Through a case study of a Chinese state aligned outlet s mediation of Russian broadcaster RT s videos and their remediation by Chinese social media users danmu comments on Bilibili it reveals disruptions by participatory media agents including outlets and audiences These multilayered mediations driven by political and commercial agendas or online practices yield

unexpected benefits and challenges for narrative producers The book's main argument is that state actors have little control over the dissemination of the strategic narratives they project in the digital age The dissemination paths of these narratives are non linear and involve multilayered mediations imposed by other political actors for their own political and commercial agendas as well as mediations introduced by participatory audiences who impose their own online practices conventions and rituals onto the narratives A major intervention in the study of soft power projection through public diplomacy in the online era and the emerging geopolitical alliance between Russia and China this interdisciplinary book will be of interest to researchers in the fields of Media Studies Russia China relations Political Communication Digital Culture and Studies of Russian politics and Chinese politics
