

## The sources of Shakespeares plays Essay Example

Shakespeare, Macbeth is created by combining two people, Makbeth and Donwald. Also, the murder of Shakespeares King Duncan, comes almost directly from Donwalds murder of Holinsheds King Duff. Shakespeare also condensed Macbeths seventeen year reign into a period consisting of a couple of weeks. The saying that history is written by the victors holds true here. After Malcolm ascended to power he proceeded to rewrite history to make his family justified in overthrowing Macbeth. This editing of history made the real Macbeth darker and more evil and made King Duncan, making him more docile and kind. The Celtic customs of succession were ignored in Shakespeares play, and with that, so was Macbeths claim to the throne by being Due to the amount and context of the information used by Shakespeare, I have decided to go through Shakespeares Macbeth explaining the play and then summarizing the information from Holinsheds and explaining the parallels. In the paragraphs pertaining to the plot of Shakespeares Macbeth, I will use the names given by the author (e.g. Macbeth, Macduff, Banquo, etc.). To avoid confusion as to what is being discussed (Shakespeares story line or how he uses Holinsheds), bold type will be used when referring to Holinsheds work ( I will also use the chroniclers spellings of the names -- e.g. Makbeth, Makduffe, Banquho), while plain type will be used when referring to Shakespeares plot. The page numbers cited in reference to Holinsheds pertain to W.G. Boswell-Stones 1896 printing of Shakespeares Holinshed.

Shakespeares Macbeth opens on three witches. They speak in rhymes that sound like magical incantations, they then agree to meet again when the battle between Scotland and Norway, (from which Macbeth is about to return) is over. One of the witches says that they will soon meet We are then taken from the heath on which the witches met, to King Duncan's court. A messenger returns from the war with Norway with news of victory, due mostly to Macbeths bravery. Other soldiers enter and report that Macdonwald, the Thane of Cawdor, assisted the enemy, but that Duncans forces had won despite the betrayal. King Duncan declares a death sentence on Macdonwald and bestows his title (Thane of Cawdor) upon Macbeth, who has not yet returned or been told of this honor.

**The Sources of Shakespeare's Plays** Kenneth Muir, 2014-04-04 First published in 1977 This book ascertains what sources Shakespeare used for the plots of his plays and discusses the use he made of them and secondly illustrates how his general reading is woven into the texture of his work Few Elizabethan dramatists took such pains as Shakespeare in the collection of source material Frequently the sources were apparently incompatible but Shakespeare s ability to combine a chronicle play one or two prose chronicles two poems and a pastoral romance without any sense of incongruity was masterly The plays are examined in approximately chronological order and Shakespeare s developing skill becomes evident
