

A full-page background image showing an astronaut in a white and red spacesuit standing on a rocky, reddish-brown desert landscape. The astronaut's back is to the camera, and the number '20' is visible on the back of the suit. In the distance, there are large, jagged rock formations under a hazy, orange-tinted sky. The overall scene is desolate and captures the essence of a Mars mission.

**The Martian** Andy Weir, 2014 For use in schools and libraries only Stranded on Mars by a duststorm that compromised his space suit and forced his crew to leave him behind astronaut Mark Watney struggles to survive in spite of minimal supplies and environmental challenges that test his ingenuity The Martian George Du Maurier, 1898 *The Martian's Own Enemy Itself* Sherridean Abddeen, 2025-10-07 Long before Earth's civilizations emerged Mars was a thriving advanced world Towering cities of crystalline alloy spiritual temples powered by conscious energy and a united planetary council governed its people until division crept in As factions formed driven by elitism genetic pride and fear of extinction the once cohesive Martian society splintered What followed was betrayal weaponized AI forbidden experiments with time and space and ultimately the collapse of the planet itself This book tells the unfiltered story how Mars fell by its own hand how the survivors came to Earth and why this cycle risks repeating unless humanity learns from its red twin's scars No fiction No myth Just what really happened *The Martian's Regress* J. O. Morgan, 2020-03-05 SHORTLISTED FOR THE TS ELIOT PRIZE 2020 From the winner of the Costa Poetry Award A lone martian returns to Earth He leaves behind him a hardened survivalist culture its muddled myths and songs its continued abuse of the environment that sustains it During this journey back to the now broken and long abandoned mother planet the martian begins to consider his own uncertain origins and his own future Cut off from his people the martian's story is that of the individual his duty at odds with his desire the race of which he's still a part playing always on his mind as well as the race that once was This is the story of what life becomes when stripped of all that makes it worth living of what humans become when they lose their humanity The Martian's Regress is a brilliant provocative often darkly comic work that explores what a fragile environment eventually makes of those who persist in tampering with it The Martian United States. Air Transport Squadron 2, 1949 After a bad storm blows across Mars Astronaut Mark Watney is presumed dead and left behind Now stuck on a hostile planet he must find a way to signal to Earth and in the meantime survive on limited supplies When NASA realizes he is alive they must devise a rescue mission Based on the novel by Andy Weir Originally produced as a motion picture in 2015 **Zarlah the Martian** Robert Norman Grisewood, 1909 *Exploring an Impact Origin for the Martian Crustal Dichotomy* Shawn D.
