The Of Negro Folklore:

The Negro and His Folklore in Nineteenth-Century Periodicals Bruce Jackson,2014-06-30 In the eyes of many white Americans North and South the Negro did not have a culture until the Emancipation Proclamation With few exceptions serious collecting of Negro folklore by whites did not begin until the Civil War and it was to be another four decades before black Americans would begin to appreciate their own cultural heritage Few of the earlier writers realized that they had observed and recorded not simply a manifestation of a particular way of life but also a product peculiarly American and specifically Negro a synthesis of African and American styles and traditions The folksongs speech beliefs customs and tales of the American Negro are discussed in this anthology originally published in 1967 of thirty five articles letters and reviews from nineteenth century periodicals Published between 1838 and 1900 and written by authors who range from ardent abolitionist to dedicated slaveholder these articles reflect the authors knowledge of and attitudes toward the Negro and his folklore From the vast body of material that appeared on this subject during the nineteenth century editor Bruce Jackson has culled fresh articles that are basic folklore and represent a wide range of material and attitudes In addition to his introduction to the volume Jackson has prefaced each article with a commentary He has also supplied a supplemental bibliography on Negro folklore If serious collecting of Negro folklore had begun by the middle of the nineteenth century so had exploitation of its various aspects particularly Negro songs By 1850 minstrelsy was a big business Although Jackson has considered minstrelsy outside the scope of this collection he has included several discussions of it to suggest some aspects of its peculiar relation to the traditional The articles in the anthology some by such well known figures as Joel Chandler Harris George Washington Cable Thomas Wentworth Higginson John Mason Brown and Antonin Dvorak make fascinating reading for an observer of the American scene This additional insight into the habits of thought and behavior of a culture in transition folklore recorded in its own context cannot but afford the thinking reader further understanding of the turbulent race problems of later times and today

Mother Wit from Laughing Barrel Alan Dundes,1973 **The Black Box** Henry Louis Gates, Jr.,2025-03-18 A New York Times Notable Book Henry Louis Gates is a national treasure Here he returns with an intellectual and at times deeply personal meditation on the hard fought evolution and the very meaning of African American identity calling upon our country to transcend its manufactured divisions Isabel Wilkerson author of The Warmth of Other Suns and Caste This is a literary history of Black America but it is also an argument that African American history is inextricable from the history of African

American literature The New York Times A magnificent foundational reckoning with how Black Americans have used the written word to define and redefine themselves in resistance to the lies of racism and often in heated disagreement with one another over the course of the country's history Distilled over many years from Henry Louis Gates Jr's legendary Harvard introductory course in African American studies The Black Box Writing the Race is the story of Black self definition in America through the prism of the writers who have led the way From Phillis Wheatley and Frederick Douglass W E B Du Bois and Booker T Washington to Zora Neale Hurston and Richard Wright James Baldwin and Toni Morrison these writers used words to create a livable world a home for Black people destined to live out their lives in a bitterly racist society It is a book grounded in the beautiful irony that a group formed legally and conceptually by its oppressors to justify brutal subhuman bondage transformed itself through the word into a community joined in overcoming one of history's most pernicious lies Out of that contested ground has flowered a resilient creative powerful diverse culture of people who have often disagreed markedly about what it means to be Black and about how best to use the past to create a more just and equitable future This is the epic story of how through essays and speeches novels plays and poems a long line of creative thinkers has unveiled the contours of and resisted confinement in the black box inside which this nation within a nation has been assigned willy nilly from the nation's founding through to today This is a book that records the compelling saga of the creation of a people
