## 1970 Mgb Workshop Manual:

**MGA & MGB Workshop Manual & Owners Handbook** Floyd Clymer, 2009-10 A reproduction of the Floyd Clymer Workshop Manual and possibly the most comprehensive manual ever published for this series of MGs. It includes complete technical data service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for the 1500cc, 1600cc and 1800cc MGA and MGB series of automobiles including the MGA 1500 1955-59, MGA 1600 MKI 1959-61, MGA 1600 MKII 1961-62, MGB MKI 1962-67, MGB MKII 1967-70. As many of the same mechanical components are utilized in the final series of MGBs 1970-80 much of this manual is applicable to the Series III cars also. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation making it an invaluable resource for collectors and restorers of these classic automobiles. This profusely illustrated manual includes separate sections dealing with the repair and overhaul procedures for the engine, cooling system, carburetion, clutch, transmission, brakes and wheels, hubs and drums, rear axle, drive shaft, front suspension, steering gear, a detailed electrical service section and emission control section plus a complete reproduction of the MGB MGB GT Owners Handbook. This is a must have reference for any MG enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic automobiles. Out of print and unavailable for many years this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all MG enthusiasts worldwide.
