**Guns in American Society** Gregg Lee Carter,2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of Guns in American Society An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of Guns in American Society is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters

*Democracy and its Elected Enemies* Steven Rosefielde,Daniel Quinn Mills,2013-10-07 Democracy and its Elected Enemies reveals that American politicians have usurped their constitutional authority substituting their economic and political sovereignty for the people s This has been accomplished by creating an enormous public service sector operating in the material interest of politicians themselves and of their big business and big social advocacy confederates to the detriment of workers the middle class and the non political rich jeopardizing the nation s security in the process Steven Rosefielde and Daniel Quinn Mills contend that this usurpation is the source of America s economic decline and fading international power and provide an action plan for restoring true democracy in which politicians only provide the services people vote for within the civil and property rights protections set forth in the constitution

Lee,2012-12-06 The purpose of the China Energy Technology Program CETP has been to take a holistic view of electricity generation in China with special emphasis on the economic and environmental impact of technology The program is a collaborative effort involving industry as leader and manager of the program researchers from academia and national research institutes and the stakeholders users or planners of the electricity market A power plant no matter of what kind is not a solitary unit which may be considered independently

from its environment Modern society has been built on easy access to power it is now asking for environmentally clean power Clean power is the pathway that will lead to sustainability an extension of the concept of an environmentally clean future Progress toward a sustainable technical solution must include an evaluation of the environmental economic and societal impact of electrical power generation To achieve the goals of the CETP program we wanted to go beyond what had been done in similar programs in the past Its organizers wanted the program not only to evaluate the overall impact of electricity generation but also do it in such a way that program results could be applied and adapted to different circumstances including countries other than China For this purpose we have developed a methodology and presented it on a DVD disc which the reader will find inside the back cover of this book The methodology is conceived to allow insights into the function of the program on various levels     *West Africa* ,2002     *Earthwise* ,2004     *American Demographics* ,2001
