Jamsetji Nusserwanji Tata A Chronicle Of His Life **Philanthropy and the Development of Modern India** Arun Kumar, 2021-10-07

Drawing on the history of the philanthropy of India's economic elites Arun Kumar discusses how their ideas and understanding of development have shifted and changed over time. Going beyond the more familiar criticisms of development's entanglements with colonialism, Kumar interrogates the changes in development imaginaries in terms of modernity's entanglements with the national question, including anti-colonial nationalism and post-colonial nation building during the twentieth century. Development he suggests can be usefully read and critiqued as national modern. **Philanthropy and the Development of Modern India** plots the careers of the national modern in four main sites of development: civil society, community, science, and technology, and selfhood. In an unusual move, reading socio-economic nationalist reform from the first half of the twentieth century alongside post-colonial development from the second half, Kumar uncovers the lineages of contemporary development ideas such as self-care, self-reliance, merit, etc. In all, this elites were driven by a pedagogic reflex to teach different sections of Indian society of how to be modern and developed. Contrary to development studies characterization of elites as anti-development or captors of scarce resources, Kumar shows how elites longed for development for others. Development provided the moral justification in their calculations for protecting their commercial interests as they navigated the turbulent Indian twentieth century.

For the Love of India R M Lala, 2006-05

Jamsetji Nusserwanji Tata Was Born In 1839 And In His Lifetime India Remained Firmly Under British Rule. Yet The Projects He Envisioned Laid The Foundation For The Nation's Development. Once It Became Independent, More Extraordinary Still, These Institutions Continue To Set The Pace For Others In Their Respective Areas. For Among His Many Achievements Are The Indian Institute Of Science In Bangalore Which Has Groomed Some Of The Country's Best Scientists, The Tata Steel Plant In Jamshedpur Which Marked The Country's Transition From Trading To Manufacturing, His Pioneering Hydro Electric Project, And The Taj Mahal Hotel In Mumbai, One Of The Finest In The World. In These As In Other Projects He Undertook, Jamsetji Revealed The Unerring Instinct Of A Man Who Knew What It Would Take To Restore The Pride Of A Subjugated Nation And Help It Prepare For A Place Among The Leading Nations Of The World. Once It Came Into Its Own, The Scale Of The Projects Required Abilities Of A High Order. In Some Cases It Was Sheer Perseverance That Paid Off, As With Finding A Suitable Site For The Steel Project. In Others, Such As The Indian Institute Of Science, It Was His Exceptional Persuasive Skills And Patience That Finally Got Him The Approval Of A Reluctant Viceroy, Lord Curzon.
