the introduction of the air reserve technician program greatly assisted in this rejuvenation process In the 1960s the Air Force Reserve demonstrated its mettle as it participated in numerous mobilizations reflecting the Cold War tensions of the era Reservists were involved in operations ranging from the Berlin Crisis of 1961 1962 to the Southeast Asia mobilizations in 1968 In the 1970s the Air Force Reserve program assumed heightened importance when the Department of Defense adopted the Total Force Policy This concept treated the active forces the National Guard and all reserve forces as an integrated force Reservists were now expected to meet the same readiness standards as their active duty counterparts Since then the Air Force Reserve has demonstrated its ability to perform a wide variety of missions Air Reservists participated in American military operations in Grenada and Panama **Citizen Airmen** Gerald T.
