HOW TO DRAW DANIEL. TRIPPER, 2021 *Artist in 7 Days* Gregory Tondreau, 2018-09-11 Now is the time to start drawing why because there s a new way to draw that forces your brain into understanding three dimensional objects and how to draw them Gain Accuracy and teach yourself how to draw in 7 days by following these left brain exercises Now you COULD just draw and not know anything about your subject and create a pretty good copy of it However I want to do more than that for you Let me give you the key to drawing with accuracy So that the pencil gradually becomes a Part of your Hand and an Extension of your Mind And allow me to give you the formula to INTERNALIZE your subject so that drawing becomes as natural as breathing for you Its just YOU and the follow along images on the Paper you will not be asked to draw a self portrait or some old boots You wont be asked to draw a bowl of fruit or a landscape picture of your house Your Lines Matter Most Your lines that outline the object and your contour lines which surround your object All rough draft work Start out by simply copying the Insanely Easy follow along steps You will be working with your own mind rather than stressing it out Which will allow you to draw faster Strengthen the connection between your Head and your Hand EVEN if you are just starting out with your least dominant hand But i m not going to lie to you You will have to do a lot of sketching in a short amount of time You will be receiving the skills you need to teach yourself how to draw whatever you wish You will know how your Mind and Body truly works About what is going on behind the scenes And how to TAKE ADVANTAGE of it in the field of art so that you can think and draw in 3D The mechanism inside you responsible for reaching your goals and how we will be taking advantage of it in the art field Honing your accuracy skills The one exercise we are going to use to hone your accuracy skills with the pencil The start of proportions the 2 important things you should know immediately after learning about proportions Perspective what is it you will know how to effectively use a vanishing point to draw objects in perspective Now its time to get down to business You will be starting your 3D training by Extruding Squares and drawing cubes The most powerful exercises on getting you to seeing and thinking and drawing in 3D Wrapping your mind around mirrored images We will be leveraging the alphabet to help us learn how to draw mirrored versions of images This is a must for drawing objects in the future that are asymmetrical You will find the number one secret to drawing 3D objects The one thing to draw that will translate to everything you draw in the future How to draw a ball and its contour lines Hint we will be using a box as staging The two best exercise to strengthen and stretch out the muscles in your hand in order to do killer detail work you will use this ALOT in the future Having a killer visual database in your mind The five steps of getting any images in your mind that you choose to
