The Page Turner, 2006 **Homage to Czerny** Gert Jonke, 2008 This bizarre lyrical romp of a novel begins with two wealthy siblings preparing their estate for their annual garden party to which they've invited several artists and above all many of the people variously involved in the further development of intellectual life The first sign that this year's party will be a little different is that the siblings have had paintings made of every inch of their garden and are hanging the paintings in place of the garden itself We soon learn that this is just the beginning the siblings have decreed that this year's party will be an exact repetition of the party they held last year Everyone will say and do exactly the same things whether they'd like to or not
