The Message of the Upanishads Swami Ranganathananda, The Message of the Upanishads is a study verse by verse of three of the principal Upanishads namely Isha Kena and Katha in the light of modern thought and modern needs Though constituting a small portion of the total Upanishadic literature they yet contain a lucid exposition of all the essential ideas of this immortal literature The spiritual insights of the Upanishads are an exception to the tyranny of time Subsequent scientific advances have not only affected their truth value but have on the contrary only helped to reveal the rational basis of their insights and enhanced their spiritual appeal This is no wonder because these insights are the products of an equally scientific investigation into a different field of experience namely the world of man s inner life Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math **A Present to Youths & Young Men ...** Edmund Shorthouse, 1891
