**Women's Work in Public Relations** Elizabeth Bridgen, Sarah Williams, 2024-03-25 Reconceptualising human experience through a holistic feminist approach this book takes us behind the scenes to connect with women navigating the problems and contradictions of everyday working life Arab Women and Their Evolving Roles in the Global Business Landscape Al-A'ali, Ebtihaj, Al-Shammari, Minwir M., Masri, Hatem, 2017-12-01 Occupational segregation is a pressing issue in business and can be detrimental to women in the workforce. With the this segregation growing there is now an urgent need to increase the presence of women in the business market. Arab Women and Their Evolving Roles in the Global Business Landscape is a pivotal reference source for the latest research findings on the Arab culture and how the global culture impacts Arab women in the business market. Featuring extensive coverage on relevant areas such as work and family balance, gender stereotypes and the glass ceiling this publication is an ideal resource for legislators and policymakers, economic developers, corporate practitioners, educational faculties and students of all disciplines who are looking to change the way gender is viewed in the workforce Towards a New Understanding of Masculine Habitus and Women and Leadership in Public Relations Martina Topić, 2022-09-30 This edited volume analyses leadership in the public relations PR industry with a specific focus on women and their leadership styles. It looks at how women lead the influence of the socialisation process on leadership styles, the difference between feminine and masculine leadership styles and the impact of leadership style on career opportunities for women. The book features case studies exploring leadership in PR around the world in an attempt to answer a central research question is there a masculine habitus in the PR industry despite the rise of women in PR. The authors of each chapter conducted original research on women working in PR within their own country and provide original insights into the position of women in a feminised industry as well as proposing new and original theoretical frameworks for future research. Written for scholars, researchers and students of PR and communication this book will also be of interest to those studying gender studies, leadership and organisational analysis and sociology.

She can drive a truck or work a drilling rig as well as any man and her true grit helps her endure sexual harassment from co-workers, whiplash caused by an on-the-job accident, a jealous husband and her combative parents who may be breaking up. When the pressures become too great she goes on a vengeful bulldozer rampage through town but basically she's cool, resourceful, plucky and nobody's fool. Written in a highly colloquial, slangy style this boomtown tale of the recession hit heartland evokes a world of saloons, cocaine snorting, hot tubs, waterbeds, rock n roll dances and pinball. The early chapters sketch in Randi's girlhood in a trailer camp and as a water skiing champ.
