Ciasullo, 2023-02-17 This volume traces the unique trajectory of The Outsiders from beloved book to beloved movie Based on S E Hinton's landmark novel Coppola's film adaptation tells the story of the Greasers a gang of working class boys yearning for security love and acceptance in a world ruled by their rival gang the rich Socs The Outsiders Adolescent Tenderness and Staying Gold explores the cultural impact of Hinton's book the process by which Coppola made the film the film's melodramatic components the marketing of the movie to a young female audience and the nostalgia industry that has emerged around it in recent decades thereby illuminating how The Outsiders stands apart from other teen films of the 1980s In its depiction of the emotional rather than sexual lives of young men on film and its recognition of the desires of teen girls as an audience The Outsiders distinguishes itself from the standard teen fare of the era With seriousness and sincerity Coppola's film captures the essence of the oft repeated timeless message of the story Stay gold This volume engages with a wide range of disciplinary approaches film studies gender studies and literary and cultural studies in order to distinguish The Outsiders as the significant contribution to youth culture that it was in the early 1980s and continues to be in the twenty first century The book fills a gap in existing scholarship on youth culture and is ideal for scholars students and teachers in youth cultures young adult literature film studies cultural studies and gender studies *The Established and the Outsiders* Norbert Elias, John L Scotson, 1994-11-22 The Established and the Outsiders is a classic text from one of the major figures of world sociology This new edition includes a theoretical introduction published in English for the first time In Norbert Elias's hands a local community study of tense relations between an established group and outsiders with no other discernible difference between them becomes a microcosm that illuminates a wide range of sociological configurations including racial ethnic class and gender relations The book examines the mechanisms of stigmatisation taboo and gossip monopolisation of power

collective fantasy and we and they images which support and reinforce divisions in society Developing aspects of Elias's thinking that relate his work to current sociological concerns it presents the fullest elaboration of his concepts of mutual identification and functional democratisation The Established and the Outsiders not only brings out the important theoretical implications of micro analysis but also demonstrates the significance of such detailed study analysis for better sociological theory It is essential reading for students and scholars in social theory sociology and anthropology Differentiation Through Personality Types Jane A. of the Outsider Frank A. Spina, 2005-03-29 This book offers a probing insightful look at the outsider motif running through the Bible The biblical story about God's covenant with insiders with Israel as the chosen people is scandalous in today's cultural climate of inclusivity But as Frank Anthony Spina shows God's exclusive election actually has an inclusive purpose Looking carefully at the biblical narrative Spina highlights in bold relief seven remarkable stories that treat nonelect people positively and even more as strategically important participants in God's plan of salvation The stories of Esau Tamar Rahab Naaman Jonah Ruth and the woman at the well come alive in new ways as Spina discusses and examines them from an outsider insider point of view The History of the Mystery William Thomas Stead, 1897 Appendix to the Journals of the
