The Pentateuch:

The Pentateuch James E Smith,2006-08 The Pentateuch Terence E. Fretheim,1996 In this volume Terence E Fretheim seeks to introduce the Pentateuch to modern readers stressing its continuing capacity to speak a word of or about God The two chapters of Part One provide an orientation to the critical study of the Pentateuch and present a proposal for reading the Pentateuch in terms of its rhetorical strategy That strategy Fretheim argues is designed in such a way as to have a certain effect upon its readers most basically to shape their faith and life The five chapters of Part Two focus on the individual books that comprise the Pentateuch Theme of the Pentateuch David J. A. Cline,1997-01-08 This popular textbook regards the Pentateuch as a literary whole with a single theme that binds it together The overarching theme is the partial fulfilment of the promises to the patriarchs Though the method of the book is holistic the origin and growth of the theme is also explored using the methods of traditional source analysis An important chapter explores the theological function of the Pentateuch both in the community for which the Pentateuch was first composed and in our own time For this second enlarged edition the author has written an Epilogue reassessing the theme of the Pentateuch from a more current postmodern perspective

Handbook on the Pentateuch Victor P. Hamilton,2005-09-01 In this introduction to the first five books of the Old Testament Victor Hamilton moves chapter by chapter through the Pentateuch examining the content structure and theology Hamilton surveys each major thematic unit of the Pentateuch and offers useful commentary on overarching themes and connections between Old Testament texts **The Meaning of the Pentateuch** John H. Sailhamer,2010-06-18 Persuaded of the singular vision of the Pentateuch Old Testament professor John Sailhamer searches out clues left by the author and the later editor of the Pentateuch that will disclose the meaning of this great work By paying particular attention to the poetic seams in the text he rediscovers a message that surprisingly brings us to the threshold of the New Testament gospel

Introduction to Reading the Pentateuch Jean Louis Ska,2006 When Jean Louis Ska's *Introduzione alla lettura del Pentateuco* was first published in Italy it was quickly hailed as the most attractive and usable introduction to the Pentateuch to appear in modern times Because of its strengths it was soon translated into French The English translation published by Eisenbrauns has been completely reviewed and updated including the bibliography by Ska Among the book's many strengths are its close attention to the ways in which modern cultural history has affected Pentateuchal interpretation attention to providing the kinds of examples that are helpful to students presentation of a good balance between the history of interpretation and the data of the text and the clarity of Ska's writing For both students and scholars many consider this book the best contemporary introduction to the Pentateuch The Pentateuch Lloyd R. Bailey,1981 Noted Old Testament scholar Lloyd R Bailey Sr provides a helpful methodology for interpreting the first five books of the Bible He analyzes the text in detail covering such topics as the concept of Torah the literary forms that make up the Pentateuch and the theories concerning its authorship He also examines the Pentateuch's different levels of meaning the authors original intentions how

the first audiences received these writings and their present day relevance Then by exploring six carefully selected passages from the Pentateuch Dr Bailey objectively and systematically guides the reader in an independent investigation of these same points Lectures introductory to the study of the Pentateuch William KELLY (of Guernsey.),1871 A Popular Introduction to the Pentateuch Robert Wheler Bush,1883 A Study of the Pentateuch Rufus Phineas Stebbins,1881

Interpreting the Pentateuch Peter T. Vogt,2009 In this latest addition to the Handbooks for Old Testament Exegesis series Peter T Vogt continues the tradition of excellence established by previous volumes Divided into three parts Interpreting the Pentateuch first provides an overview of the major themes of the Pentateuch In the second part Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres law and narrative Finally Vogt shows that although the Pentateuch is a collection of ancient texts it still has contemporary significance Vogt also includes two samples one from law and one from narrative of exegesis giving students a start to finish example of the techniques he has illustrated for effective exegesis **The Pentateuch** Henry Cowles,1874 **Reading the Pentateuch** John J. McDermott,2002 This book explores in a balanced way the historical questions in the Pentateuch

The Pentateuch, Its Languages and Its Characters Michael Levi Rodkinson,1894 *The Origin of the Pentateuch in the Light of the Ancient Monuments* Henry Alexander White,1894 **The Pentateuch, Or The Five Books of Moses** Adolph Moses,Isaac S.
