The Perfect Age A Novel:

The Great Age of the English Essay Denise Gigante, 2008-01-01 From the pens of spectators ramblers idlers tattlers hypochondriacs connoisseurs and loungers a new literary genre emerged in 18th century England the periodical essay This authoritative anthology gathers the consummate periodical essays of the period *The Great Ages of Discovery* Stephen J. Pyne, 2021-02-23 For more than 600 years Western civilization has relied on exploration to learn about a wider world and universe The Great Ages of Discovery details the different eras of Western exploration in terms of its locations its intellectual contexts the characteristic moral conflicts that underwrote encounters and the grand gestures that distill an age into its essence Historian and MacArthur Fellow Stephen J Pyne identifies three great ages of discovery in his fascinating new book The first age of discovery ranged from the early 15th to the early 18th century sketched out the contours of the globe aligned with the Renaissance and had for its grandest expression the circumnavigation of the world ocean The second age launched in the latter half of the 18th century spanning into the early 20th century carrying the Enlightenment along with it pairing especially with settler societies and had as its prize achievement the crossing of a continent The third age began after World War II and pivoting from Antarctica pushed into the deep oceans and interplanetary space Its grand gesture is Voyager s passage across the solar system Each age had in common a galvanic rivalry Spain and Portugal in the first age Britain and France followed by others in the second and the USSR and USA in the third With a deep and passionate knowledge of the history of Western exploration Pyne takes us on a journey across hundreds of years of geographic trekking The Great Ages of Discovery is an interpretive companion to what became Western civilization s quest narrative with the triumphs and tragedies that grand journey brought the legacies of which are still very much with us

Lipstick Lust: 3 Lesbian Classic Novels Virginia Woolf, Radclyffe Hall, Sheridan Le Fanu, 2023-11-20 Lipstick Lust 3 Lesbian Classic Novels is a captivating anthology that weaves together diverse narratives from some of the most profound voices in lesbian literature The collection explores overarching themes of identity love and resilience within a society that often marginalizes and silences With its eclectic mix of styles ranging from the stream of consciousness prose to gothic storytelling and intimate realism the anthology paints a vivid tapestry of lesbian life and its complexities Each piece stands as a compelling testament to the rich literary tradition of lesbian fiction pushing the boundaries of what it means to be both an outsider and a lover in a world that resists understanding The anthology brings together the works of Virginia Woolf Radclyffe Hall and Sheridan Le Fanu each writer offering a distinct yet complementary perspective on the lesbian experience Woolf s linguistic innovation and introspection find resonance alongside Hall s pioneering exploration of gender identity and inversion Le Fanu adds a spectral quality deeply rooted in gothic traditions that precipitates a haunting dialogue on societal norms This interdisciplinary amalgamation places the anthology at the confluence of modernist gothic and early queer literary movements engaging readers in a rich collage of historical cultural and social contexts Lipstick Lust is a vital resource for readers eager to

uncover the multifaceted worlds of lesbian literature through the ages. It invites a reflection on the intricate interplay of voice and theme, enticing readers to immerse themselves in a journey that transcends time and place.
