## **Tax Forms Made Easy 2003 Edition:**

**Revised Form 990** Jody Blazek, Amanda Adams, 2009-05-04 A line by line preparation guide to the completely new and revised Form 990 for nonprofit organizations. The accurate and complete preparation of Form 990, the information return that must be filed annually by most types of tax exempt organizations, is a key factor in maintaining public image and fundraising capabilities. The newly redesigned Form 990 was released in December 2008 with significant revisions to the initial June 2007 draft. Preparation of the new return will require tax exempt organizations to gather extensive new information about their activities for disclosure on the new form beginning with their 2008 tax year. In **Revised Form 990 A Line by Line Preparation Guide**, authors Jody Blazek who with other AICPA Task Force members was instrumental in effecting changes to the original IRS draft of the form and Amanda Adams provide step by step and line by line analysis and preparation guidelines for nonprofit professionals and nonprofessionals alike charged with preparing and submitting the form. This hands on workbook walks you through the process of producing an annual report to the IRS that demonstrates continued qualification for exempt status for a nonprofit organization explaining the information requested page by page and part by part. It addresses the issues and challenges for each part particularly the new schedules. As each part is explained the authors suggest when certain answers have negative consequences. Guidance is provided for functional expense reporting and generally accepted accounting principles for reporting revenues. A good discussion of the differences between book and tax reporting and records needed to accurately display financials for tax purposes is included. The Form 990 PF and Form 990 T are also examined.
