365 Ways to Love Your Child Julie Lavender, 2020-10-20 Growing up in a financially strapped South Georgia farming family Julie Lavender learned to appreciate small yet meaningful affirmations of love when her parents found ways to visibly demonstrate their feelings. Later when she had her own children Julie delighted in finding creative ways to express her love for them as well as for the children whose lives she touched through teaching school and volunteering in the children's ministry at her church. In 365 Ways to Love Your Child Julie encourages moms, dads, and anyone who works with children to show kids every day with simple but meaningful gestures and activities how very much they are loved. Join Julie in expressing tangible acts of love to show your kids they are valued by their parents and most especially by God. How to Teach Your Dyslexic Child to Read Bernice H. Using accessible terms along with charts, graphics, and lesson plans this title is broken down into three sections: a discussion of learning disabilities, an explanation of how to teach the dyslexic to read step by step from primary school upwards and a section devoted to pictures, charts, and word lists that are an integral part of tutoring a child.

How to Maximize Your Child's Learning Ability Lauren Bradway, Barbara Albers Hill, 2012-05-25 Over twenty years ago Dr Lauren Bradway discovered that all children use one of three distinct ways to grasp and remember information. Some learn best through sound and language, others through visual stimulation, and others through touch. In this unique book Dr Bradway first shows you how to determine your child's inherent style. She then aids you in carefully selecting the toys, activities, and educational strategies that will help reinforce the talents your child was born with and encourage those skills that come less easily.
