universals of the larger human world with an exquisite appreciation of how small things matter Elizabeth Stevenson's book is as much about the writer as the man While giving an accurate measure of the scale of Hearn's achievement she makes a compelling case for its artistry Her reading demonstrates that his writings are not mere aids to the understanding of various cultures but ends in themselves Hearn did not just translate the folklore of other cultures he recreated it The Grass Lark will interest literary scholars American studies specialists and folklorists Elizabeth Stevenson held a variety of positions during her working life She found a home at Emory University and retired as Candler Professor of American Studies in its graduate division The Institute of the Liberal Arts She is the author of Henry Adams and Babbitts and Bohemians both available from Transaction

**Hearn Companion** Robert L. Gale, 2002 Lafcadio Hearn was a prolific 19th century writer with diverse experiences. He was born in Greece, educated in Ireland, France and England, and thereafter resided in the United States, the French West Indies and Japan. He is best known for his nonfiction, primarily his essays and newspaper columns, though he also wrote numerous stories that drew on the lore of different cultures. But he will always be remembered as the American writer who first wrote extensively about Japan and made Asiatic culture accessible to British and American readers. This reference is a comprehensive guide to Hearn's life and career. Included in the volume are hundreds of alphabetically arranged entries for individual works by Hearn and collections of his writings for members of his family and for the colleagues and acquaintances who figured prominently in his life. The entries summarize his views, reveal his keen perception, and demonstrate the breadth of his musings. Entries often cite works for further reading, and the volume also includes a bibliography. While the book is first and foremost a guide to Hearn, it also shows how Japanese society was first presented to the West.
