

Silence is pure and holy. It  
draws people together  
because only those who are  
comfortable with each other  
can sit without speaking.

## **The Other Silence:**

**The Other Side of Language** Gemma Corradi Fiumara, 2013-08-21 First published in 1990 Our philosophy is grounded in only half a language in which the power of discourse is deployed and the strength of listening ignored We are inhabitants of a culture that knows how to speak but not how to listen so we constantly mistake warring monologues for genuine dialogue In this remarkable book Gemma Corradi Fiumara seeks to redress that balance by examining the other side of language listening Synthesising the insights of Wittgenstein Heidegger and Gadamer among many others she puts forward a powerful argument for the replacement of the silent silence of traditional Western thought with the rich openness of an authentic listening

**Ethics and Peace** Lenart Škof, 2015-02-06 This book offers an original contribution towards a new theory of intersubjectivity which places ethics of breath hospitality and non violence in the forefront Emphasizing Indian philosophy and religion Vedas and Upanishads and related cross cultural interpretations it provides new intercultural interpretations of key Western concepts which traditionally were developed and followed in the vein of re conceptualizations or revitalizations of Greek thought as in Nietzsche and Heidegger for example The significance of the book lies in its establishment of a new platform for thinking philosophically about intersubjectivity so as to nudge contemporary philosophy towards a more sensitive approach which is needed in our times Its originality lies in its innovative approach which searches for the origin of ethical gestures represented in respecting the breath breathing through the newly introduced concept of mesocosm as a space of a ritual or a new ethical space of intersubjective encounters The book also introduces the possibility of an original ethics based on breath Intended for philosophers feminists and others concerned with intercultural philosophy and comparative religion
