An updated introduction explains the steps towards becoming a saint, the processes of beatification and canonization. *Translations of Authority in Medieval English Literature* Alastair Minnis, 2009-03-19 Minnis presents the fruits of a long term engagement with the ways in which crucial ideological issues were deployed in vernacular texts. **Converting the Saxons** Joshua M. Cragle, 2023-10-06 Utilizing a crusading ethos from 772 to 804 AD, Charlemagne, King of the Franks, waged war against the continental Saxons to integrate them within the growing Frankish Empire and facilitate their conversion to Christianity. While substantial research has been produced concerning various components of Carolingian history, this work offers a unique examination of Charlemagne's Saxon Wars as a case study for understanding methods of conversion used in the Christianization of Europe, as well as their significance for subsequent conversion strategies employed around the globe. *Converting the Saxons* builds on prior scholarly research, is grounded in primary sources, and is contextualized with a robust historical introduction. Throughout the text, particular emphasis is given to Christian encounters with paganism and the way paganism was interpreted, confronted, and transformed. Within those encounters, we observe myriad forces of coercion and incentivization used in societal religious conversion, demonstrating the need for a serious reconsideration of the standard narratives surrounding Christian missions. This book provides a scholarly and accessible resource for students and researchers interested in transhistorical methods of conversion, the history of Christianity, Early Medieval paganism, Colonial religious encounters, and the nature of religious conversion.

**The Pastor Theologian** Gerald Hiestand, Todd A. Wilson, 2015-06-23 Pastoral ministry today is often ruled by an emphasis on short sighted goals pragmatic results and shallow thinking Unfortunately those in the academy tend to have the opposite problem failing to connect theological study to the pressing issues facing the church today Contemporary evangelicalism has lost sight of the inherent connection between pastoral leadership and theology This results in theologically anemic churches and ecclesial anemic theologies Todd Wilson and Gerald Hiestand contend that among a younger generation of evangelical pastors and theologians there is a growing appreciation for the native connection between theology and pastoral ministry At the heart of this recovery of a theological vision for ministry is the re emergence of the role of the pastor theologian The Pastor Theologian presents a taxonomy of the pastor theologian and shows how individual pastors given their unique calling and gift set can best embody this age old vocation in the 21st century They present three models that combine theological study and practical ministry to the church The Local Theologian a pastor theologian who ably services the theological needs of a local congregation The Popular Theologian a pastor theologian who writes theology to a wider lay audience The Ecclesial Theologian a pastor theologian who writes theology to other theologians and scholars Raising the banner for the pastor as theologian this book invites the emerging generation of theologians and pastors to reimagine the pastoral vocation along theological lines and to identify with one of the above models of the pastor theologian
