The Painted Duche:

A Meaning-Based Approach to Art Therapy Elizabeth Hlavek, 2022-09-22 A Meaning Based Approach to Art Therapy contextualizes the phenomena of Holocaust artwork for the field of art therapy and uses this canon of artwork to support the inclusion of logotherapy into art therapy theory and practice The author expounds on a study in which she interviewed surviving Holocaust artists about how they were able to create their artworks while in Nazi captivity Divided into three parts the book follows the chronological order of her inquiry It first presents theory then research and ends with implications for the practice of art therapy The research chapters set out the process and results of the author's phenomenological inquiry They address how art making during the Holocaust allowed captive artists to bear witness leave a legacy and retain their humanity In the final part the author reveals how art therapists can use concepts from her study to support the progress of their clients She advocates for the application of logotherapy an existential philosophy that emphasizes finding meaning to facilitate healing and personal growth Practicing art therapists and students of art therapy will find this book to be an excellent resource on logotherapy an updated perspective on existentialism and a contemporary examination of phenomenology

Imagining Jewish Art Aaron Rosen, 2017-07-05 Short listed for the Art and Christian Enquiry Mercers International Book Award 2009 a book which makes an outstanding contribution to the dialogue between religious faith and the visual arts What does modern Jewish art look like Where many scholars critics and curators have gone searching for the essence of Jewish art in Biblical illustrations and other traditional subjects Rosen sets out to discover Jewishness in unlikely places How he asks have modern Jewish painters explored their Jewish identity using an artistic past which is by and large non Jewish In this new book we encounter some of the great works of Western art history through Jewish eyes We see Matthias Grunewald's Isenheim Altarpiece reimagined by Marc Chagall 1887 1985 traces of Paolo Uccello and Piero della Francesca in Philip Guston 1913 1980 and images by Diego Velazquez and Paul Cezanne studiously reworked by R B Kitaj 1932 2007 This highly comparative study draws on theological philosophical and literary sources from Franz Rosenzweig to Franz Kafka and Philip Roth Rosen deepens our understanding not only of Chagall Guston and Kitaj but also of how art might serve as a key resource for rethinking such fundamental Jewish concepts as family tradition and homeland

The Black Book Sybil Oldfield, 2020-10-01 Oldfield's thoroughly researched and fascinating historical biography explores the lives of many of the 2 600 citizens who attracted Hitler's ire ranging from high profile entertainers and writers to those naturalised refugees who doggedly resisted the Nazis from afar Observer In 1939 the Gestapo created a list of names the Britons whose removal would be the Nazis priority in the event of a successful invasion Who were they What had they done to provoke Germany For the first time the historian Sybil Oldfield uncovers their stories and reveals why the Nazis feared their influence Those on the hitlist many of them naturalised refugees were some of Britain's most gifted and humane inhabitants They included writers humanitarians religious leaders scientists artists and social reformers By examining these targets of Nazi
